

A letter that I wrote to my two brothers in May of 2007. I post it here for all the rest of my white brothers and sisters to read and understand just what made me start to speak up and out. Make note that I do not have all the answers and may have altered some of my thinking slightly since then (such as over Iran), but I put this letter up without changing anything.

Also, please download and read Professor Kevin MacDonald's "Culture of Critique" [HERE](#). It's well worth your time to understand this subject. Go to the preface and see what it's about.

An Open Letter to my Brothers:

Look, just give me just a few minutes here of your time. If I can't convince you two of the importance of what I'm saying, than I'll won't bother you about it. Bear with me for a bit and don't jump to conclusions right away and simply disregard what I'm about to say.

You've known, deep down inside, all the questions about what's going on in this country today. You see it all the time, and lately it has quickened in it's pace and intensity. You've surely noticed. There are many reasons for this which I will shortly get to.

I did not suddenly wake up one morning and decide to become a "Nazi" (I'm actually not). I have been interested in WWII a long time as you well know. As a child, when we lived in _____, Dad had read a book titled "The Painted Bird" by Jerzey Kozinski. It is a fictional account of a child in eastern Europe during the Holocaust. I read it and, I guess, Dad found my interest cute. He gave me another book called "Babi Yar" by Anatoli Kosnetsov. Both Dad and I had an intense interest in the Holocaust. We rarely discussed it, however. Just traded books back and forth over the years.

No, I'm not going to tell you the Holocaust was fake. But it's been greatly expanded, with embellishments and constant revisions, many of which I have discovered on my own. Believe it or not, such talk could get me imprisoned in Canada and Europe-seriously.

The big question I always had was why? Why would an entire Nation suddenly hate the Jew to this extreme? Surely, there is something else to the story or is, altogether too simply, described as a complete delusion by an entire Nation. I studied, from about the middle of the '90's, anti-Semitism and Jewish History. Mostly in a casual fashion. I found some interesting bits of history that I couldn't understand why they did not make it into the mainstream history books. I've also looked into these matters in Jewish history books too, at least to see what they had to say about it.

One of the things that struck me about the Jews is that they are not the Jews of the Bible. Only one strain of the Biblical Jews exists- they are called the Sepharadi -- or Spanish Jews. The Jews of the Ashkenaz -- or western Germany -- are really of a tribe of people called the Khazers who converted, in mass, in the 8th century AD. The names are confusing because

the Khazars are from the east, around the Black Sea, while the Sephardi are from the west in Spain.

They had migrated out of the east into Europe over the centuries and, to this day, many Jews agree about this origin [The 13th Tribe, by Arthur Koestler and The Sacred Chain, History of the Jews, by Norman Cantor] but the radical Zionists (Ashkenazim and very much in power now) dispute it all since it logically calls into question their supposed “ownership” of the Holy Land or Palestine.

Some members of the Sephardic Jews hate the Ashkenazim because they feel that they give all Jews a bad name and are at the root of anti-Semitism. Ever hear anything about Gypsies (Roma) and how they go about making money? Well, the Ashkenazim Jew makes the Gypsies look like Donnie and Marie Osmond. These Ashkenazim had the power of Banking (with long division), engaged in white slavery with the Muslim world and generally did whatever they could to sucker the Goyim (they consider us as “cattle,” but try to say it really means “nation”). That’s why, often times, the whites went haywire on ‘em with pogroms.

To this day, the history books always blame the Crucifixion and the Blood Libel for this anti-Semitism and never, I repeat, never touch on these other reasons. Uncle Adolf just lumped ‘em all together — didn’t matter since most of the Jews in Germany were Ashkenazim, anyways.

It’s not just another religion, either. The Talmud, written in the Middle ages (except for the Babylonian parts picked up from Sephardic Jewry), has many devious, anti-Goyim statements. And it has enjoyed a resurgence with the Jew starting in the 1970’s. Although some things seem to have been changed such as the replacement of word Goyim with the Hebrew word (cuthanite) for Canaanite (which is curious because I do not know of too many Canaanite’s in the Middle Ages or in Babylon).

The Talmud states that Jesus was a False Prophet and who learned magic in Egypt and that Christians are Idol worshipers. According to them, Jesus is now boiling in a vat of excrement in Hell (Baleem). Jews cannot deny these things but they sure can accuse other religious writings to be anti-Judaic, such as in attacks against Catholic writings.

And these Ashkenazim Jews vigorously protect themselves from inter-marriage with outsiders, something they surely don’t care about in the Goyim, with all the promotion of interracial sex in the media. This, over the centuries, has made the Jew a separate, distinct and arrogant Race. They even admit as much.

Enough History. I could go on and on about it. It’s just amazing the degree of self-censorship and even out-right censorship that has occurred. This stuff can be found, however. Another thing—I have had a few Sephardic Jews also tell me of some of this. These people are really the lone voices in the wilderness.

Anyways, my interest suddenly intensified in the first 6 months after 9/11. I had heard on

*the News that some Middle Eastern types were seen celebrating and “high-fiving” each other while video- taping the twin towers attack. Then this story somehow just disappeared down the rabbit hole. Turns out that these men were Israeli people sent expressly to record the event. This is true. It struck me, and should strike you too, that why would such a thing occur if the Israelis really are our friends at all. They were sent back to Israel and the whole story was classified by the Government. The **ADL** (Anti-Defamation League) then went into high-gear hushing this up. There are many other disturbing things about this story. I’ll spare you.*

Then I concentrated my studies on how the Jews (Ashkenazim) actually think and operate. Did you know that the Jew does not have to recite the Pledge of Allegiance and other civic acts of loyalty? There is an actual US law that free’s them from it. Did you know that Michael Chertoff, the Homeland Security Czar has dual-citizenship with Israel? The Jew is first and foremost loyal only to other Jews and, of course the state of Israel. They have actually bragged about this in a book about how they have agents called “Sayanim” in the western countries that they can count on for help. Help that often times goes against the country they live in. I also know more about this too.

Also, they act in concert with each other, in ways that would shock us regular people. Dr. Kevin Macdonald, in a landmark social study, has shown us this incredible “group-think” mentality followed by the Ashkenazim Jew. He is now under fierce attack by the Jewish SPLC, seeking to discredit his legitimate scientific work, by calling him a anti-Semite- the usual course of action of the Jew when it’s time to squelch those that dare to question.

But let’s try, just for a minute, to imagine if all those named Smith in the world did things only to advance the Smith’s cause- no matter what- and all Smiths knew it was best to keep mum when it came to anyone else. These Smiths owned much of the news and had organizations ready to step in and silence any talk about the Smiths. And these Smiths even have a country, armed with nuclear weapons. You would really think twice now about Mr. Smith.

*Have you ever even heard of **AIPAC**, the enormous American Israeli Public Affairs Committee? There is a spy case, involving them, that dwarfs that Scooter Libby trial plastered all over the News a few months ago. I bet you haven’t read or heard one thing about it. The News Media, ironically, is trying to squash the evidence behind the scenes!*

And there is ample evidence of the Jew’s criminal efforts coming out of Israel. Ever hear of the Ecstasy drug rings run from Israel? Did you know the Russian economy was raped by the Jewish Mob shortly after Yeltsin? How about the underworld weapons traders who live nicely, by the sea, in Israel?

These are stories you will never hear about on the regular news.

These Jews are also behind this Illegal Immigration problem we are having- both in Business and in Liberal efforts. They are allowing this “Brown Horde” to advance the voting

power of the Democratic ticket. They are allowing it to keep wages down. Many of the Corporate Insiders and Raiders in our country are Jewish and, unfortunately, many white Gentiles follow the lead of these Jews in destroying the economy of this country simply to make a buck. It's a private joke to the global, Jewish Monied Elite.

And this Illegal "Brown Horde" will dilute the white person's numbers in this country. Take a look at the state of Britain currently. Immigration has turned British whites into a seething but mostly silenced people. Do you ever hear anything about what is truly going on over there besides what the Queen did on holiday?

*They've been behind the Black movement since the '60s. Did you know that Rosa Parks was a ACLU plant? They're at the forefront, still, of this race-baiting and strife. They call it "tolerance" efforts and say the Jew is simply an altruistic person. I call it "**Nation Wrecking.**" That's really what these people truly are: "**Nation Wreckers.**"*

*Take a close look at the leadership of the organizations that spear head the "secular-progressive" movement in this country like the **ACLU, SPLC, ADL, Gay and Lesbian Alliance**, etc. etc. Here's a listing of those that helped to organize, for whatever reasons, the Latino Marches this last May Day:*

Teaching Tolerance - Division of SPLC [Jew-run anti-White organization]

University of Denver Center for Judaic Studies

GLSEN-Gay, Lesbian and Straight Education Network

Allied Jewish Federation of Colorado

Gay and Lesbian Alliance

Jewish Mosaic: Center for Sexual and Gender Diversity

These organizations are rapidly transforming us, indoctrinating the children in schools and colleges. You know this. You know of these outrageous "politically-correct" things that people such as Bill O'Reilly and Russ Limbaugh talk about time and again. But these "right-wing" talk show hosts will never touch the Jew because to do so would be career suicide to any of them. Still, these people will eventually be cast away like Imus.

Ever wonder about the how TV and the Movie industry constantly pushes the Liberal Agenda? You know, gay acceptance, interracial sex and that the religious white person is a "backwoods yahoo." How about the increased levels of sex to begin with? Who dominates the Pornography industry? Notice, too, the none-too-subtle messages about the white man and how the minorities are the good guys. This is Liberal thinking promulgated by the Jew. And remember, historically, before the Wiemar Republic died in Germany, that

homosexuality was openly celebrated in some of the Berlin nightclubs.

No, the Jew does not have full control of this country, but does control most of the mainstream media. He is not omniscient. Often times, the left hand does not know what the right is doing, such as in these blatant social engineering projects you see going on today. Many Jews have no concept of the big picture either. They just stick together, never criticize another Jew and go with the flow. Like you are doing right now.

But the Jew is very prone to bragging and things do come out. Sometimes you'll read or see something and then later it's "unavailable." Also, the Illegal Immigration flood and homosexual rights movements have stirred people into thinking about these things.

Now, I'll tell you what's going on that has increased the tempo to the program. I did not want to give you this envelope. I debated for about a year to say anything at all to you. I thought that things would be pretty much be obvious after the next election and I would not have to spend much time on proving it to you. Think how difficult it is to convince you to wake up and then think how difficult it is to convince strangers. You'll be called a NAZI. That's the self-censorship implanted in all of us that has been so beneficial to their efforts.

However, since the Iranians have stepped up efforts to get a Nuke and are more advanced than what you have read, and because of all this 9/11 conspiracy stuff, the program has now become a matter of urgency in those quarters. The assaults on the First Amendment are far along. The "Hate" Crime Bill is clearly the slippery slope intended to one day silence the so-called "Hate" sites and even any Church that dares to protest homosexuality. It is only a matter of time before they shut down all avenues of Internet dissent. Already, they own the mainstream media. Besides this "Hate" crime bill, there's a secret law (FISA) in the works to eavesdrop on your phone and email and within this country. This is far, far beyond any Patriot Bill. Your Constitution will be toast, my brothers.

Also, some of our Churches have bought into this support of Israel, and corrupted—possibly with money and support—to push the "Dispensationalist" or Armageddon theory. It truly insults me because of what I know on how the Jew really thinks of Christians in general. That and what they really think of Blacks brings new meaning to the word "Hypocrisy." Wake up Christians!

Mel Gibson was right. Connect the dots. When I arrived at this conclusion I was in a daze, could not sleep or eat. I felt that I had woken up from the Matrix and wished to go back. But there was no going back. I had to face up to the awesome reality that the dam Neo-Nazi were right after all! That was the worse part. Figuring out what to say or do about it wasn't real fun either.

There's going to be another war within a couple of years, or so. In many ways we do not have much choice in the matter. The Israelis have the Bomb and the Iranian insists, too, on having it. I'm not much on them having one. I'm actually in agreement with the Israeli about that. So, why do I write these things about our so-called allies?

Because it's more than just another war. It's actually a war going on here, now. The fate of the US is being set for us and I will not go with the program. As for you, you can either ignore this, for now, and let whatever happens, happens or you can start talking about it openly. Maybe with enough people on to this we can do something.

I had thought the story of the Black torture murders of Channon Christian and Christopher Newsom would make you angry -angry enough to see beyond the News Media's lies of omission and then on to the underlying truths behind it. It seems, I was wrong that it would.

Now, if you have read up to this point, I do thank you. If you have not than I guess my words are not important enough for you to listen. What questions you may have I'll try to point you in the right directions if I cannot answer them outright. Remember that this thing covers a lot of ground, both in history and in current events, and I only know some parts of it.

Shalom, My Brothers!
