

White Russian (pro-Czarist) poster depicting the Red Bolshevik, Leon Trotsky (Jewish name Lev Davidovich Bronstein). Trotsky is most often credited, with good reason, with coining the term "racist" as a derogatory term for his political enemies: White, non-Jewish Gentiles. Note the Christian cross broken in the upper left and the White Russian being threatened by

Mongolians in the lower right — even then Marxist Jewish extremists jacked-up the other races to do their violent bidding. Some things never change!

Trotsky, born of wealthy parents, was the principal Marxist intellectual, second only to V. I. Lenin (proven to be at least partly Jewish, married to a Jewess and who spoke Yiddish) and the frontman of the Russian Bolshevik revolution in 1917. The wealthy New York Banker and Rothschild associate, Jacob H. Schiff, was the conduit of International Jewry's funding of the Red revolution to the tune of [20 million dollars](#) in gold bullion (well over 200 million in today's money). Trotsky deposited this into a Warburg bank (later marrying a Warburg daughter) for transfer to a Jew bank in Sweden and soon into Russia to finance the Jewish takeover.

Read this from the New York Times:*

“Six or eight weeks ago the Jews would have heeded the call to arms as a duty, but with heavy hearts, as they would have known they would be fighting to perpetuate Russian autocracy. But now all that has changed. Russian democracy has become victorious, **and thanks are due to the Jew that the Russian revolution succeeded.**” — *Jacob H. Schiff, called the “greatest Jew in America” in this NY Times article, May 1917 ([PDF of original here](#))*

When Trotsky and about 100 commie Jews from Brooklyn, New York, accompanied the gold aboard a ship (chartered by Schiff and Warburg), the Canadians intercepted the vessel and arrested them all. But soon they were all released after special efforts by the British Intelligence Jew Sir William Wiseman, who would later be rewarded with an extremely lucrative position in the NY Banking firm Kuhn, Loeb and Company (this company is still around).

Wiseman's buddy, Colonel Edward House (possibly a big crypto-Jew), was the enigmatic adviser to president Woodrow Wilson, who hounded Wilson behind the scenes into signing the Federal Reserve Act on December 23, 1913 which, more or less, owns this country to this very day and who you pony-up to with every single lousy paycheck.

The hidden history of Jewish Bolshevism. Just spend a few minutes watching this.

So, we can clearly see all the direct connections between the International Jewish Agenda, International Jew/Zionist Bankers, the Federal Reserve (the Rothschild people who own your butt) and historical, global efforts to bring down the Gentile nations, such as Russia, to advance the cause of Jewry.

But just who came up with that word “Racist,” now being used constantly to slur White people? And how about the cult of minority victimhood that currently plagues the US? You know, all the business with everyone being “so oppressed” all the time. You’ve surely noticed it — every group in the US has some kind of beef and gripe: Blacks, Jews (professional, full-time victims), Hispanics, Mestizos, Native Americans, Homosexuals, Bisexuals, Transgenders (Drag Queens), Radical Feminists (some really hate White men with a passion), any non-Christian Religious believer, Midget S&M Fetishists!

Notice that it’s ALWAYS “Evil Whitey” (usually White, heterosexual males) who are at fault and the eternal “oppressor” of everyone. But who started all this mess and why? Go to the end of this article and definitely watch the three short videos on the subject. The whole lying mess will become crystal clear!

One modern-day dictionary defines racist as:

Racist: 1932 as a noun, 1938 as an adjective, from race (n.2); racism is first attested 1936 (from Fr. *racisme*, 1935), originally in the context of Nazi theories. But they replaced earlier words, racialism (1907) and racialist (1917), both often used at first in a British or South African context.

Make note how this author blithely ascribes it to French descriptions of “Nazi theory,” when this is clearly in error. Ironically, it was a German Jew is most often given credit for the word; he had gone into exile in France after the Nazis came to power and, being sick of his Jew “intellectual” activities, gave him the big boot. It was certainly his writings in France that spawned the above French source.

Magnus Hirschfeld — one curious Jew:

[my notes in brackets]

According to the second edition (1989) of the OED [Oxford English Dictionary], the earliest known usage of the word “racism” in English occurred in a 1936 book by the American “fascist,” Lawrence Dennis, *The Coming American Fascism*. The second usage of the term in English that the OED records is in the title of a book originally written in German in 1933 and 1934 but translated into English and first published in 1938 - *Racism* by Magnus Hirschfeld, translated by Eden and Cedar Paul. Since Hirschfeld died in 1935, before the publication of Dennis’ book the following year, and had already used the word extensively in the text and title of his own book, it seems only fair to

recognize him rather than Dennis as the originator of the word “racism.” In the case of the word “racist” as an adjective, the OED ascribes the first known usage to Hirschfeld himself. Who was Magnus Hirschfeld and what did he have to tell us about “racism”?

Magnus Hirschfeld (1868-1935) was a German-Jewish medical scientist whose major work was in the field of what came to be known as “sexology” - the scientific study of sex. Like Havelock Ellis in England and Alfred Kinsey in the United States, Hirschfeld was not only among the first to collect systematic information about sexuality but also was an apostle of sexual “liberation.” **His major work was a study of homosexuality**, but he also published many other books, monographs, and articles dealing with sex. He wrote a five-volume treatise on “sexology” as well as some 150 other works and helped write and produce five films on the subject.

It is fair to say that his works were intended to send a message - **that traditional Christian and bourgeois sexual morality was repressive, irrational, and hypocritical**, *[make note people!]* and that emancipation would be a major step forward. His admiring translators, Eden and Cedar Paul, in their introduction to *Racism*, write of his “unwearying championship of the cause of persons who, because their sexual harmonic functioning is of an unusual type, are persecuted by their more fortunate fellow-mortals.” Long before the “sexual revolution” of the 1960s, Magnus Hirschfeld **was crusading for the “normalization” of homosexuality and other abnormal sexual behavior**. *[The Jews even today are at the forefront of Homosexual rights — see [this long list to prove it](#)]*

Hirschfeld was the founder of an Institute for Sexual Science in Berlin and helped organize “sexology” on an international scale. In 1922, he was physically attacked and almost killed by anti-Semites in Munich *[wonder why?]*. In May, 1933, the Nazis closed down his “Institute of Sexual Science” and Hirschfeld fled to France, where he lived until his death in 1935. [From The Heretical Press — Read the rest here!](#)

As a side note, Hirschfeld is sometimes called the “Einstein of Sex” (being a Jew and perverted). He co-wrote and acted in the 1919 German silent movie “Different from the Others” which had the first on-screen homo, Conrad Veidt (left). You can use that one in a bar bet!

In the years after WW I, the Marxist Jews and Khazar Jew illegal immigrants from Poland and Russia, were doing everything they could to buy-up or turn Germany commie — so recently prostrated by war. It’s little wonder whatsoever, that the German Whites flocked to Uncle Adolph in droves!

It’s also quite probable that Hirschfeld stole the term “Racist” from Trotsky at some point, but it was him who defined the skin color aspect of whites versus blacks to the issue. Clearly Trotsky was the first to use the word in a *published* document as far back as 1930, at the very least. Some say he used the term in speeches even further back.

Trotsky wasn’t using it in a black versus white way, but in an *anti-Gentile* fashion. That’s the key concept — it was a *Jew versus White* thing. He was attacking his political and eternal race enemies, the White Gentiles of Russia and Europe as something he called “Slavophiles” and later, the Fascists of Italy and Germany. Here are some of Trotsky’s use of the word; make note the underlying hatred toward Whites:

“The History of the Russian Revolution” 1930:

“Slavophilism, the messianism of backwardness, has based its philosophy upon the assumption that the Russian people and their church are democratic through and through, whereas official Russia is a German bureaucracy imposed upon them by Peter the Great. Mark remarked upon this theme: “In the same way the Teutonic jackasses blamed the despotism of Frederick the Second upon the French, as though backward slaves were not always in need of civilised slaves to train them.” This brief comment completely finishes off not only the old philosophy of the Slavophiles, but also the latest revelations of **the ‘Racists.’**” [Read the Marxist’s own words here](#)

“What is National Socialism?” 1933:

“On the plane of politics, **racism** is a vapid and bombastic variety of chauvinism in alliance with phrenology. As the ruined nobility sought solace in the gentility of its blood, so the pauperized petty bourgeoisie befuddles itself with fairy tales concerning the special superiorities of its race.” [Read the Marxist’s own words here](#)

The Racial Origins of Political Correctness (From Western Safeguards Initiative):

“Political Correctness” (PC) is, of course, the policing or censorship of certain language and ideas in the White, Western countries. An example of PC would be the banning of an essay which a Black, Mexican or female citizen might find “offensive.”

It appears that Jewish communist Georg Lukacs (1885-1971; in photo at right) probably created the first hands-on, working program in which PC was used to indoctrinate the citizenry of a White country. That occurred just a bit before the Jewish-led Frankfurt School began its own journey towards creating PC ideas with the help of the School’s Max Horkheimer (1895-1973; bottom photo at left), who was also a Jew and who invented the concept of “critical theory,” which amounted to criticizing White, Western culture and values (Lukacs himself was a fringe Frankfurt Schooler). “Critical theory” paved the way for modern PC by portraying White culture as something oppressive and foul. Interestingly, “critical theory” borrowed some ideas from yet another Jew: Sigmund Freud’s psychoanalysis.

However, sometimes several historical events happen at the same time. While Lukacs (as commissar of culture in Jewish communist Bela Kun's Hungarian regime in 1919) was creating a Marxist-based PC program to indoctrinate Hungarian schoolchildren with using politically left-wing propaganda, other Jews, such as Franz Boas, were also creating ideology based wholly or partly on Marxism. Whether their creations were social, economic, racial or a combination of all three, they were all rooted in Marxism, or very similarly, egalitarianism/universalism (i.e., the historically-new idea that all humans and cultures are, or can be, "equal" in importance, and that White/Western/capitalist culture is oppressive and evil). Marxism and egalitarianism/universalism are very nearly the same thing, except one is based more on economics while the other is based more on social/cultural matters. (It can be argued that Marxism was an attempt to use economic ideas to transform the social, and, by default, racial features of society, so in that sense Marxism wasn't only economics-based).

But no matter the type of Marxist/universalist programs that those men created, they all amounted to the same thing: cleverly-disguised Jewish attacks upon traditional, White culture. Their programs were designed to end White control of most of the world for the benefit of the Jewish people. Theirs were racial programs masquerading as mere political or social movements. Jews instinctively know that movements that "equalize" the cultures of White countries in one way or another are good for the Jews, since that equalizing helps to ensure that nationalist movements cannot rise up and "oppress" the Jews, such as happened in Nazi Germany in the 1930s. (Note that those disguised cultural attacks by the Jews often use confusing words and phrases, and are often made to appear scientific, in order to give the attacks an air of legitimacy and sophistication).

Marxism, feminism, socialism, leftism, egalitarianism, PC - they are all Jewish-created assaults upon White, Western culture. And they have all been embraced by many Westerners as legitimate, with few exceptions. All of those ideas employ "equality" as a main argument and main goal. All of them are unnatural and universalist, and all require governmental or bureaucratic force to make the public accept them.

Starting with Karl Marx, and moving on to Sigmund Freud, V. I. Lenin, Leon Trotsky, Georg Lukacs, Franz Boas, the Frankfurt School theorists, Ashley Montagu, and Stephen J. Gould, we can see the roots of the movement(s) that led directly to today's PC movement. All of those men were racially-Jewish (Lenin was part-Jewish), all held non-traditional ideas that could be called anti-Western, all were socially and politically influential, and all played vital roles in first creating, and then paving the way for the acceptance of, PC.

Even though non-Jews push PC ideas today, they are actually only unwitting helpers of the Jews who created PC. Without the Jews, it is very likely that Political Correctness, as we know it today, wouldn't exist. [Source document here](#)

Learn exactly how all the BS was started, by whom and why. These people have an inner, atavistic hatred of the White race and have used pseudo-intellectual reasoning to justify it all. This has all been supported by the Globalist Foundations in our schools, universities and media for many decades.

Go bookmark and read this article from WorldNet Daily which backs up all this on the Marxist Frankfurt school: [Who stole our culture?](#) In the article, WorldNet Daily obviously fails to note the Jews, since that would be "PC" inappropriate and risk attack by Jewry PC attack dogs. See how it works?

My blog post on this: [The Frankfurt School: Conspiracy to Corrupt](#)

So we can see that the whole business of Political Correctness has its origins with the Jewish supremacists going back to the early part of the last century with the efforts of Jewish Marxists and Intellectuals, privately financed by the so-called "Capitalist" Jews who massively bankroll educational foundations that support this very agenda to this day.

And the race targeted by this entire Social/Political movement? Obviously all of us White Gentiles and, in the last 40 years or so, any White American or any of his social institutions and affiliated culture. As such, we're the ones being targeted and victimized by these Jew-inspired evils from the very beginning!

Take a look at radical Feminism like with the Jews Susan Sontag (Rosenblatt), Gloria Steinem and Betty Freidan. All of this kind of divisive sex politics has so totally screwed-up relationships in White America to such a degree that people can't even get their heads around it. [Read about it here](#)

As seen in the videos, the Marxist Jew Herbert Marcuse (right), was welcomed into this country from Nazi Germany, but later turned around and stabbed America in the back with his subversive social theories. He created much of the victim group mentality politics and was highly influential with the “intelligentsia” of the sixties Baby Boomer Generation. All this was touted as “liberation” but in fact, was really an undermining, subversive program against non-Jewish White people that is still going on today.

This Jew was all over the place back in the 1960s.

During WWII, he was also part of the OSS — precursor to the CIA — and worked at creating anti-Nazi propaganda and later employed hunting down any supposed Nazis in occupied Germany. Who knows how many former German enemies received a little pay-back action from this devious Jew?

For that matter, just think how many relationships and lives he ruined in the US with the evils of his Jewish “liberation” philosophies in the sixties and since then? Give that some thought!

Her Jew BS has made her a nice bundle.

All of this never-ending “Politically Correct” nightmare stuff on America and all the other formerly White countries, was brought on by the Jews, the likes of Marcuse. It’s still going on in this country to this day and noticeably getting much, much worse. These modern day Marcuses are out there all over the place — such as the Jewess Paula Rothenberg (left), who invented the nonsense term “White Privilege,” “Stealth Racism” and so much more — this latter-day Trotskyite goes around to all our college campuses in the US, shamelessly infecting our young people with her anti-White agenda — all the while getting paid big bucks to do so!

Our universities and college social studies programs now openly denigrate White people as outright or “stealth” racists and are also starting to question the positives of the normal, heterosexual White Family structure. Ask any college kid just what is said in the books, classroom and lecture halls of today — be prepared to hear all kinds of shocking things that will surely piss you off.

Us White people are indeed in a bona fide race war with Jewish extremists and profiteers, in the open or behind the curtain, and have been for quite some time now. Most Whites don't even have a clue exactly what's going on. They suspect something is not right, but are programmed not to say the “J” word openly or get called a Nazi from everyone else.

Tim Wise is another creepy little Jew punk working the anti-White racket all across the US. They are plenty more of this type running amok in America today.

Pretty diabolical system these Jews have going on.

Note the blatant lie made here by Jacob Schiff about Jewish “loyalties.” He's says the Jews of Russia would have supported the monarchy reluctantly six to eight weeks ago, but knows full well he already shipped Trotsky and the gold months before. He lies openly about it. His efforts, along other Jewish financial and Marxist cohorts, are what brought **Communism into the world and the death and suffering of untold millions of Whites (far, far more than the giant hoax of the Holyco\$t gassings); along with many other races (like Asians) since.*

This gold transfer from rich American Jew Capitalists to bankroll the Bolshevik revolution is a little known, but verifiable historical fact.

At a Bolshevik celebration rally in New York's Carnegie Hall on the night of 23 March 1917, a telegram of support from Jacob Schiff of Kuhn, Loeb & Co. was read out. The telegram was reprinted in the next morning's New York Times (PDF link above). Schiff tried to deny his involvement, but thirty years later his grandson John admitted in the New York Journal-American (3 February 1949) that the old man had sunk twenty million dollars into the Bolshevik cause.

POLITICAL CENSORSHIP: If you happen to go to my [OLD ADDRESS](#), you will see this: **“This blog has been ‘archived or suspended’ due to Terms of Service Violations.”** You can see how the Jews work to censor any talk about them since they can’t have Whites even start to think about these things.

UPDATE (Dec. 2010): My old blog address is now completely obliterated!

As a White person, you need to think seriously about where all this is going. And now. This is exactly why we have things the way they are anymore and is why things are soon going to be much, much worse for us unless we all do something!
