

The Cultural Marxists' Evil War on White Families
By [Benjamin Garland, Daily Stormer](#)

The revolutionary aim of the political ideology of communism, as laid out in the Communist Manifesto by the Jew Karl Marx, is to have the peasants, or working class, violently overthrow the governments of their respective nations. The manifesto, which demonized the entire middle class as exploiters—everyone from a doctor or a dentist, to a rich capitalist, down to the small business owner—concluded with the battle cry: Workers of the world, Unite!

The promise given to the impressionable peasants,—the “proletariat”—whom the Communists’ evil propaganda was directed at, was that they would live in a “worker’s paradise” after dismantling their “oppressors,” i.e., the middle class, or “bourgeoisie.” Of course, the true aim was for the Communist leaders—mostly Jews—to insert themselves into dictatorial power after the natural leadership had been forcibly overthrown by violent hordes of envious, hate-filled mobs.

Spreaders of the communist ideology believed that revolutions of this nature would take place all across Europe as people lost faith in their governments during the first World War. Much to their dismay, aside from in Russia, these revolutions did not take place, and the war caused the common people to instead become more patriotic and loyal to their countries’ leaders.

The Communists, who saw their victory as inevitable one way or the other, were undeterred by this setback. They went back to the drawing board to reformulate their revolutionary strategy and it was decided that in the West, for their revolution to take place, they would first have to weaken the foundations of civilization, which they recognized as a stronghold in the way of their agenda. The new strategy, known as Cultural Marxism, combined Marx’s theories with those of another Jew, Sigmund Freud, and was to use anti-Western propaganda to attack and tear down all traditions, sexual morality and Christianity and to deliberately break apart the nuclear family.

“...any objection to the Cultural Marxist agenda would not be met with logical debate but rather with smear terms such as “racist,” “bigot,” “homophobe,” “sexist,” etc.”

Many of the preeminent Cultural Marxist thinkers during the 20s and 30s were Jewish intellectuals based in Frankfurt, Germany, at the Institute of Social Research, better known as the ‘Frankfurt School.’ Instead of the ‘class warfare’ that traditional Marxism focused on,

Karl Marx. This Jew and his atheist Shabbos goy pal, Friedrich Engels, inspired untold human misery since early in the last century. Don’t you wonder why you never see JACK about all this in the US media? (INCOG)

they now developed 'critical theory,' which attacked Western culture as being evil and oppressive toward minority groups such as Jews, non-Whites, homosexuals, and even women. This served the Communist cause of destroying White society by inciting hatred in all of these so-called minority groups while simultaneously inducing feelings of guilt in normal White people.

They also created 'political correctness,' where any objection to the Cultural Marxist agenda would not be met with logical debate but rather with smear terms such as "racist," "bigot," "homophobe," "sexist," etc.

Germany, home to a daunting number of communists— upward of six million—was facing the dire threat of falling to a violent revolution, similar to what had happened in Russia in 1917. A Communist Russia and Germany would have meant certain death for all of Europe.

Hitler and other European nationalists were largely a response to this madness, which had already brutally exterminated millions of the White elite in Russia. They heroically sprang up like white blood cells to defend Europe from the Marxist cancer that was sure to destroy all of civilization if left unchecked.

Adolf Hitler recognized the Marxist doctrine for exactly what it was: essentially a war on the natural order of the world which can only lead to chaos, decay and destruction, to the temporary benefit of a few, but the eventual detriment of all. He warned of this in his book *Mein Kampf*, and dedicated every waking moment of his life to fighting against it.

Once Hitler came to power, the Jews were stripped of their power and the Cultural Marxists and Communist agitators were forced out of Germany or interned in concentration camps as enemies of the state. Germany, once free of this plague, quickly rose to glorious heights such as the world has never seen—possibly the pinnacle of all human civilization.

Germany was, of course, destroyed in WWII, thanks to the power that the Jews and Communists already had over the minds and governments of most of the rest of the world, whom they convinced to destroy Germany even though it was against the majority of their best interests.

And so triumphed Marxism over National Socialism, tyranny over civilization, and Jew over Aryan.

The ‘Big Lie’

Many of the Jewish Marxist enemies of Germany returned after the war with a burning, vengeful hatred and convinced the surviving Germans that they had committed a Holocaust and were responsible for WWII, that most devastating of wars that killed tens of millions of people.

The Cultural Marxists, in their quest to overthrow sexual morality in the name of a communist revolution—an openly stated goal of theirs, not a conspiracy theory of mine—convinced many of the surviving Germans that the “Holocaust” was the inevitable result of their “sexual repression.”

The sexual values of the noble White people of the Third Reich led directly to sadistic mass murder and irrational racism, so said the Jewish Marxists in their clever campaign to trick the trusting Germans into turning against their own nature.

German people were highly susceptible to this sinister subversion because of their honest nature and the Jewish ‘Big Lie Technique’ that Hitler, in his infinite wisdom, wrote about in *Mein Kampf*:

[The Jews] proceeded on the sound principle that the magnitude of a lie always contains a certain factor of credibility, since the great masses of the people in the very bottom of their hearts tend to be corrupted rather than consciously

Sigmund Freud. To this day, considered a great hero to Jewry, this coke-snorting Austrian Jew's convoluted pedophilia imaginations paved the way for tens of thousands of Jew “psychologists” to scam the goy over the decades. He was also a big time Gentile-hating Talmudist and Zionist supremacist. (INCOG)

and purposely evil, and that, therefore, in view of the primitive simplicity of their minds they more easily fall a victim to a big lie than to a little one, since they themselves lie in little things, but would be ashamed of lies that were too big. Such a falsehood will never enter their heads and they will not be able to believe in the possibility of such monstrous effrontery and infamous misrepresentation in others.

The “Anti-authoritarian” Kinderladen Movement

One of the more horrific examples of the result of Marxism winning the war was a movement called *Kinderladen* that cropped up in Germany in the late 1960s. Led by Jews and brainwashed, guilt-ridden Germans who had fallen for the Jewish lies about the Holocaust and the reasons for it, *Kinderläden*, as Dagmar Herzog wrote in her book *Sex After Fascism*, were “experimental anti-authoritarian daycare centers for 2- to 5-year-olds organized by New Left activists” in many of West Germany’s major cities.

The two primary inspirations for the *Kinderladen* movement were the theories of the Jew Wilhelm Reich (the “father of the sexual revolution”) and the book *The Authoritarian Personality*, written by a team of Frankfurt School Jews headed by the Jew Theodor Adorno.

The Authoritarian Personality purported to be the end result of a study looking for the causes of Antisemitism (of course, Jewish behavior can have nothing to do with it), that found it was due to “authoritarian upbringing,” and “sexual repression.” Here is the [Wikipedia](#) description of the book:

The impetus of The Authoritarian Personality was the Holocaust, the attempted genocidal extinction of European Jews by Adolf Hitler’s National Socialist party. Adorno had been a member of the “Frankfurt School”, a predominantly Jewish group of philosophers and Marxist theorists who fled Germany when Hitler shut down their Institute for Social Research. Adorno et al. were thus motivated by a desire to identify and measure factors that were believed to contribute to antisemitic and fascist traits.

Wilhelm Reich. Like so many commie Jews in pre-Hitler Germany and Austria, this tripped-out pseudo-scientist escaped to the US to continue his bizarre psycho-sexual obsessions. (INCOG)*

Kinderladen activists took “anti-authoritarianism” to the extreme and would not interfere with their children over anything. If a child, say, wanted to crawl around on the floor naked and eat their breakfast out of an old, dirty boot, the criminally insane parents—no matter how much it pained them—would not interject. They were psychologically paralyzed by Jewish propaganda and Holocaust guilt and wanted nothing more than to atone for the sins of their parents and prevent another “Holocaust” from ever happening again.

These activists were so extreme and radical they even shocked American New Leftists who came to visit. Herzog writes:

American New Leftists on travels in Europe remember how stunned they were in some of their first encounters with their West German counterparts. Young West German parents let their children, while covered in dirt, walk the streets and ride streetcars. They allowed their children to pummel them; they never slapped back. And when asked why they encouraged their children’s disobedience, the parents answered simply: “Because of Auschwitz.”

**USING HOLOCAUST GUILT, THE JEW FELT
FREE TO DEGRADE THE GERMAN FAMILY.**

By using holocaust guilt tripping, lefty Jews had free reign to mess with the German people and destroy the family unit from the ground up. Over the decades, the Nation-Wreckers have been doing similar things in the USA, ever since we let the filthy punks in the door. (INCOG)

In February 1969, a popular West German magazine *Der Stern* published an article criticizing *Kinderladen*. According to Herzog, it referred to the children as:

“little leftists with big rights” whose environment was chaotic and filthy, whose parents engaged in wife swapping, and who were allowed to bash in each other’s heads with blocks and splatter the walls of their centers with paint.

According to pg. 150 of [a paper](#) published by the *Journal of Curriculum Theorizing*, members of a *Kinderladen* council retaliated for the *Der Stern* hit-piece by barging into the West Berlin Press Office and smearing feces all over the walls:

They collected used diapers from the city’s Kinderladen for three days. Then children and adults carried the diapers in garbage bags back to the Press Office, entered the newly painted chambers, and smeared the walls with the diapers’ contents, to express their displeasure with those who had control of voice and opinion in the public sphere.

Child Sexuality and the Kinderladen Movement

“[T]he vociferous defense of child sexuality” Herzog writes, “was precisely the heart of early *Kinderladen* activism. The activists did not just permit the children to run naked and play with their own and each other’s bodies. They also applauded and publicized the most intimate details of the children’s sexual explorations.”

Herzog recounts how some of them put out pamphlets with “flagrantly excessive” details of *Kinderladen* activities including:

[A] detailed description of a scene of (expressly adult-encouraged) genital touching between a little boy and a little girl within the Kommune 2, and another scene in which the same little girl attempted to fit an adult penis (which, after she had asked, she had been permitted to stroke to the point of erection) into her tiny vagina (it turned out to be, as she herself “determined resignedly, ‘Too big’ ”).

This insanity was due to the influence of the theories of the Jewish, Freudian extremist Wilhelm Reich, who was absolutely obsessed with the ridiculous notion of child sexuality and the supposed social ills that resulted from suppressing it. Just open up the 1945 English

The headline reads: “Germany’s Misbehavingest Children.” *Kinderladen* activists were able to have this issue banned from circulation, despite the fact that they had smeared feces all over the Press Office walls.

translation of Reich's book [*The Sexual Revolution*](#) — the foundation of the actual sexual revolution of the 60s—and you will find already on pg. 2 of the Preface the claim that

suppression of the love life of children and adolescents is the central mechanism for producing enslaved subordinates and economic serfs.

Reich originally drew his theories about child sexuality from his personal mentor, Sigmund Freud. Freud had a nonsensical theory called the “Oedipus Complex” wherein he claimed that all infant children want to have sex with their parents – boys with their mothers, in which they long to kill their fathers out of jealousy; and girls also with their mothers — until they eventually realize it is anatomically impossible, wherein they develop “penis envy” and then begin to lust after the father.

The confused parents of the *Kinderladen* movement, who believed this psychopathic rubbish, were at once perplexed as to why the children weren't showing sexual attraction to them and delighted that maybe their kids had been cured of this alleged characteristic that Freud talked about. Herzog relates how they

actively debated why it was that their preschool children were not seeking direct contact with adult genitals. Could it be, they surmised with hopeful pride, that the children in their school were free of the “fixation-constellations typical in families”?

An article published by *Der Spiegel* called [*The Sexual Revolution and Children: How the Left Took Things Too Far*](#), gives us many revelations about the *Kinderladen* movement, such as how “the basement was used as an “observation station” to study sexual behavior in children” and that

Almost every day, the students played games that involved taking off their clothes, reading porno magazines together and pantomiming intercourse. According to the records, a “sex exercise” was conducted on Dec. 11 and a “fucking hour” on Jan. 14.

The article goes on to bring out

an account of a parents' evening where one of the mothers said that she stripped naked in front of her son so that he could “inspect” her. In the process, the woman spread her legs to expose her private parts for his inspection. The game ended when the boy stuck a pencil into his mother's vagina. The parents also spent a long time discussing whether it was a good idea to have sex with their own children, so as to demonstrate the “naturalness” of sexual intercourse.

Horrific stories of the sexual abuses that took place in *Kinderladen* schools, such as the ones above, abound, but I'll leave it at that. I'm sure you get the picture.

Educating for Disobedience

A documentary about the *Kinderladen* movement titled *Erziehung zum Ungehorsam* (Educating for Disobedience) aired on German television in December 1969. Again, we quote Herzog:

The film included a brief scene from Stuttgart in which a little girl casually attached a cardboard penis to a cutout doll along with hair, nose, eyes and lips. It also incorporated a one minute scene of “playing doctor” in Frankfurt in which one little boy painted in watercolor on another’s erect penis while antiauthoritarian parents and educators explained the importance of not only tolerating but assertively affirming child sexuality..

(This disturbing documentary and the horrific scene described above can be viewed [on YouTube](#) — though I don’t recommend it)

Toilet Training and the Kinderladen Movement

Drawing on more Freudian insanity-his so-called “psychosexual development”-the *Kinderladen* crowd even allowed their children to defecate on themselves.

Freud’s “psychosexual development” is the theory that children go through stages, beginning with birth, in which they are sexually “fixated” on different “erogenous” zones of their bodies. First is the “oral” stage, then the “anal” stage, then the “phallic” stage, etc. If a child remains “fixated” on an “erogenous” zone past when they should move on to the next stage, they will potentially develop mental disorders later in life, such as “anal” personalities.

Like “The Oedipus Complex,” the so-called “psychosexual” stages have no basis in science or empirical evidence whatsoever, but rather are nothing but figments of Freud’s deranged imagination. Why that is not apparent to everyone with two brain cells that has ever studied this insanity is a truly baffling question.

It can only be explained as proof of the power of, ironically: authority. The Jews, having weaseled their way into so many high positions of power and influence over White society, give off an air of authority to an unsuspecting public who does not recognize them for the hostile, alien people that they are, and thus they get away with pushing insane ideas.

A *Kinderladen* activist told a reporter from *Der Stern*, Herzog writes, that

not only did the parents allow the children to masturbate and play sex games but also that “many children are already toilet-trained. Now they shit in their pants again. They’re repeating the anal phase. That’s good. Did you know that most concentration camp guards had anal difficulties in their childhood?”

Herzog goes on to explain that *Kinderladen* members wrote a book that

placed the anal phase and the Holocaust together at the center of political theory. Punitive toilet training, the authors contended, led to authoritarian personalities with sadistic fantasies, who oppressed minorities; preoccupation with cleanliness was part and parcel of a mindset that sent people “into the oven.”

Abolition of the Family!

“[A]bove all, and most frequently,” Herzog writes, “[*Kinderladen*] activists railed at the institution that they felt was responsible for their own crippling: the nuclear family.”

Breaking down the traditional structure of gentile families has always been a primary aim of the Marxists. It says so rather bluntly in the *Communist Manifesto*:

Abolition of the family! Even the most radical flare up at this infamous proposal of the Communists.

The solution to the problem of the nuclear family, which the *Kinderladen* activists, driven to insanity by their Marxist dogma, considered “rotten to the core,” was for children to be raised in communes—a “deliberate rotation of care-givers.”

Daniel Cohn-Bendit is a radical Marxist, Jew politician from France and Germany who was involved in the *Kinderladen* movement. He was nicknamed “Danny the Red” during his years as a student leader in France in the late 60s because of his radical leftist politics and inflammatory activism as a communist agitator.

In his 1975 book *The Grand Bazaar*, Cohn-Bendit wrote the following:

My flirtations with all children soon acquired a definitely erotic character. I could sense how young girls aged five had already learned how to get off with me...

It happened several times that some children opened my fly and began stroking me. According to the circumstances of each case, I reacted differently, but the children's wishes posed problems for me... when they insisted, I caressed them in return.

He smugly boasted about his pedophilia with the *Kinderladen* children during [an appearance](#) on a French TV show in the early 80s:

“Danny the Red” [telling a French TV audience](#) how much fun he’s having in US JEW occupied West Germany. Sick Jews have forever been susceptible to foul perversions of all sorts — hell, just turn on your TV and see for yourself. The media gets sleazier by the day, if you’ve noticed. [INCOG]

Cohn-Bendit can be seen in [a video](#) from 2011, shortly after the Oslo massacre of 77 Norwegians by anti-immigration/anti-Cultural Marxist Anders Breivik, standing in front of European Parliament (in which he served in from 1994 to 2014), hysterically claiming that multiculturalism was not the underlying cause of the mass killing, but rather anyone who would “dare” to speak out *against* multiculturalism (or mass immigration).

For this speech, which was essentially a call for the genocide of Europe, he received thunderous applause from the supposed “leaders’ of the West. This is what we killed Hitler for: a Cultural Marxist, dystopic nightmare where an admitted Jewish pedophile can stand in front of world leaders and call for the genocide of the White race in Europe—and he is cheered on.

Why Does This Even Matter?

Anders Breivik, well-known as a big time Zionist/pro-Israel Freemason, who’s murderous rampage on a

The “New Left” radicals in Germany that facilitated the sexual revolution are nicknamed the “68ers” because of 1968 being their most successful year—the year that the *Kinderladen* movement began. The “68ers,” though relatively small in number, were not just a fringe group. Just as the “New Left” in America and other Western countries, they were the driving force behind the sexual revolution, which, as we all know, did in fact unfortunately take place.

Still one might argue, why should we even care about the *Kinderladen* movement? It was closed decades ago. We should care because it shows just how sickening these Jewish ideologies are to the Aryan soul. While the *Kinderladen* movement is admittedly an extreme example, all of the Jewish theories behind it have impacted our society as a whole in immeasurable ways.

Children are as undisciplined and unruly as ever and the nuclear family has been destroyed to the point that 50% of all marriages now end in divorce—a staggering statistic. Before the Jew-led sexual revolution of the 60s we still had large, strong, orderly families and a much healthier society.

Everyone is aware that this sexual revolution took place, but not many know who was behind it, and just how evil they and their ideologies truly were. The *Kinderladen* movement is a perfect microcosmic example to highlight the utter insanity of these ideologies and what they amount to in their purest form.

* **INCOG MAN:** *I remember way back when I was in college, accidentally stumbling upon a dusty copy of one of Wilhelm Reich’s books on “Orgone” sexuality buried in the university’s main library. After wading through nonsensical science gibberish on his “Orgone Accumulator” device, I could see that whoever this Reich guy was, he was quite serious. The Jew director Woody Allen once did a movie called “Sleeper” where he certainly stole the idea of the “Orgasmatron” from Reich. Long before any of this, Reich was such a loose screw he was always running into trouble with various authorities like the FBI and FDA, yet somehow always walked away mostly scot-free. Rich Jews worked to keep him afloat and financially support his work. At this point, I was only starting to get suspicious about the true Jewish menace to America.*
