

By Phillip Marlowe

THE POOR AND humble thronged in from all over the countryside, anxious to catch a glimpse of the Galilean called Yeshua. As the crowd pushed forward, they sometimes stumbled over each another — everyone excitedly hoped they might get close enough to witness another miracle, or just hear the man speak out His ringing words of Truth — words these people understood and felt so true deep down.

The crowd could now see Him up on a rocky hillside standing like a beacon among a small group of men and women. It seemed like thousands had already gathered around below. “How will we hear Him from here?” A woman cried plaintively. Someone nearby answered: “You will hear Him, don’t worry, everything He says will carry far to those with ears to hear.”

The man called Yeshua saw all the people trying to get close. He knew he must soon speak

out to settle them, or some may get hurt. In those distant times, the slightest injury could later mean a painful death by runaway infection.

Yeshua looked back to his disciples and said: “Before the multitude start trodding upon another, let me say to you the most important thing first...”

“...Beware the leaven of the Pharisees, which is hypocrisy.”

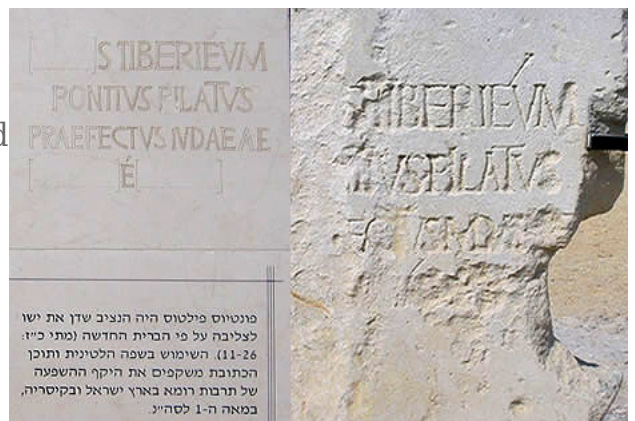

-Luke, 12:1

This hypocrisy is staring you in the face right this very day. Read on should you have any guts left and truly understand deep down what is right and what is wrong.

This statement of Jesus to his disciples was written down by Luke, [around 60 AD](#) (about 27 years after the crucifixion). Luke was a close companion to Saint Paul and certainly spoke to actual people who had real-life face-to-face contact with Jesus and witnessed the crucifixion. Luke was born a “Pagan” Gentile who spoke Aramaic and could also write in Greek and Latin; his long, untitled letters to a Roman official named Theophilus make up two of the most beautiful books in the Bible: The Gospel of Luke and the Acts of the Apostles.

Luke may or may not have had access to a document actually written during the time of Jesus, many parts of which appear in the other Gospels. This was called the “Q-source,” an abbreviation of the German word “quelle,” meaning source. It would be much like someone today having a book written by a real witness to big events back in the 1980’s, and then paraphrasing from that book in a letter to a friend today. Back in those days, there was no Amazon.com where people could get books quickly, nor were printed books like we know them today even in existence.

Some people make the ridiculous claim that Jesus never even existed. But we have concrete archaeological evidence about some of those spoken about in the Gospels. In 1961, an inscribed stone plaque was discovered in Caesaria, on the coast of the Mediterranean, with the name of Pontius Pilate (right). In 1990, they found the funeral ossuaries for the family of Caiaphas, the hateful Pharisee who happily turned Jesus Christ over to Pilate and the Romans for a brutal execution. This was a man who looked into Jesus’ eyes on the day they nailed Him to the cross.

It would be extremely difficult to believe Jesus’ followers would invent Him, while at the very same time getting hunted down and violently persecuted by the Judahite Pharisee power matrix, desperate to silence this new break-away faith. Saint Paul was originally a Jew named Saul of Tarsus, hired by the Sanhedrin to uncover members of the Christian sect

for mortal punishment, until he had an epiphany (one with enormous historical implications) when the spirit of Jesus spoke to him and blinded him temporarily outside the Damascus Gate.

People might know a little about the Jews having Jesus crucified, but few also realize that the Jews mercilessly persecuted these early Christian believers. James the Just, Jesus' half brother (widower Joseph probably had children before accepting the pregnant Virgin Mary as his wife), was thrown off a building and stoned to death by a Jerusalem Jewish mob, incited by the Pharisees in 62 CE.

So, we can be sure these writers were speaking about real people and real events. Now, we can also be reasonably certain that not everything has come down to us completely verbatim, but we can safely assume the critical concepts of Jesus and at least some of the wordage has survived. The hypocrisy statement uttered by Jesus to His disciples before He turned to the multitude, is an excellent candidate, for it is short, powerful and memorable.

When Jesus spoke about leaven — also called yeast — He gave hypocrisy a ringing metaphor just as true now as it was back then. Maybe more so with the power of TV to brainwash and trick our people. Consider this insightful explanation in view of matters going on today:

1. It may exist without being immediately detected. **Leaven mixed in flour is not known until it produces its effects.**
2. It is insinuating. Leaven will soon pervade the whole mass. **So hypocrisy will, if undetected and unremoved, soon pervade all our exercises and feelings.**
3. It is swelling. It puffs us up, and fills us with pride and vanity. **No man is more proud than the hypocrite, and none is more odious to God.** When Jesus cautions them to beware of "the leaven of the Pharisees," he means that **they should be cautious about imbibing their spirit and becoming like them.** The religion of Jesus is one of sincerity, of humility, of an entire want of disguise. The humblest man is the best Christian, and he who has the least disguise is most like his Master.

Most decent people know all this deep down inside. Pride is rightfully thought of as the base sin of mankind, easily the source to everything else bad in the human condition, like Greed and Envy. Few people, if any, are immune to these insidious human fallacies.

Now these people pridefully say they get their belief system from the Talmud, which was directly passed down from the Pharisees to Babylon after the insurrections against Rome in 70AD and 130AD. This same Talmudic belief system made it's way to the Khazars in the north and on to Alexandria, Egypt and on into the Western countries.

And it doesn't matter one whit who these people really are genetically; they could be the

Ashkenazi Khazars of Asiatic origin, or some bastard mixture of races, probably even real Semites from the region once called Israel. But whatever the case may be, make no mistake — by their beliefs and actions today they are not the Israelites of yore like they want you to think, nor are they blessed by any divine, Godly spirit.

Evil Liars and Hypocrites

Palestinians in Gaza being bombed and shelled by Israel using advanced American weaponry.

Jew rabbis enjoying the show. They believe non-Jews belong to "Amalek," forever enemies of Sacred Jewry and it's A-OK to kill them no matter who they are.

Innocent little Palis girl dead in the rubble.

In a

despicable display of unnecessary vengeful pride, the "Jewish" State of Israel bombed, shelled and machine-gunned the Palestinians of Gaza in 2009, killing 1400 virtually defenseless non-Jews, like the little Palestinian girl above buried dead in the rubble of her home (they did it again in 2013 and 2015). Arrogant Eastern European Jews rushed to hilltops from nice homes built on land stolen outright from these poor people, including "men of God" rabbis (like the three orthodox ones above), to enjoy the show and blasphemously deem it an "act of God." Most of the weaponry used by the Israelis to kill these people, including burning phosphorous shells (a war crime), were paid for by us American taxpayers.

Jews writing messages of hate on artillery shells. You only hear about Iranians doing crap like this!

Jew "settlers" (land stealers) harassing Pali's old lady.

IDF "soldiers" beating Pali kid.

Jews in Israel harassing old lady Pali on the street. Some of these Palestinians are actually Christian!

Most Americans are clueless of what goes on over there, since the bastards control our media over here. Jews have treated the Palestinians like dogs from day-one. Say one thing, and the hypocrites call you the big Nazi! Trouble is, American Whites have been totally brainwashed

with PC to get “the real deal” with these Jews.

Anyone with eyes to see and ears to hear, with the least semblance of morality and decency left, knows the actions of these people today are plainly evil. Doesn't take a theology degree or whatever mumbo-jumbo some pseudo TV preacher might try to explain down to us about “Judeo-Christianity.” And you really don't even have to be a mean old man religious type to feel this strongly.

These people know deep down that what they do is indeed evil (see photo montage above). That's why they work so hard to silence those of us who stand up and speak out about their behavior today. They can't summon real facts to combat what we say, so they resort to lies, slander and even outright censorship in a country that supposedly considers “free speech” a God-given right.

And they know well we are in the right, but it frightens them that others may soon come to the same conclusions.

They try to get the uninformed and gullible to simply dismiss us as “anti-Semites” and “extremists” merely because they deem us so. This tired line of bull is rapidly falling on deaf ears, thankfully. These people are morally bankrupt, not just for what they do to the Palestinians, but for their own personal behavior back in the countries of the West — countries they continually undermine for their own benefit and the detriment of White people.

Religious or not, anyone who stands up to these people is doing the right thing. Of that much I am quite certain.

The Acts of The Hypocrites

Ever wonder why they talk about Catholic priest pedophiles all the time in the media? Because they can, that's why. Ever since they got the Romans to crucify him and Christianity became big among the pagans, Jews hate Jesus Christ and the Roman Catholic church. But they sure as hell won't say one damn word about all the sleaze-bucket rabbis (or let the media report much if at all possible). If this is how the orthodox Jews behave, just imagine the secular majority!

Let us continue with that so important first paragraph of Luke's Chapter 12. Words that will prove themselves out in the next few years, no matter how much the Globalist, holohoaxing Jews try to stop it.

²For there is nothing covered, that shall not be revealed; neither hid, that shall not be known.

³Therefore whatsoever ye have spoken in darkness shall be heard in the light; and that which ye have spoken in the ear in closets shall be proclaimed upon the housetops.

⁴And I say unto you my friends, Be not afraid of them that kill the body, and after that have no more that they can do.

Truth will always win out in the end — just may take a while. Whatever lies and hidden conspiracies of these evil people will eventually see the light of day (like 9/11 and the lies of the holocaust). All of us need to shout out about these things on the rooftops (or Internet) to everyone we know — might be a little hard sometimes, but it's a lot a better than what might come if we don't!

And the last line of the paragraph should steel you if that happens and they get their hands on you. Just smile pleasantly at the lying hypocrites no matter what they might do to your body, should you find yourself in the belly of the beast (like Jonah in the whale).

Let's also look at this passage from John 8:44. Although more complicated than you might think, basically Jesus is telling the Jewish power structure they have now become descendants of Satan, willing to lie and murder. And we do see that today — in spades.

Ye are of [your] father the devil, and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it.

Jesus tells them His Father is not the same as their father. He knows the Judahite power structure is seeking his death and proceeds to castigate them for wanting to kill Him. He tells them that by rejecting His truth and His Father, these Jews have now opened themselves to falsehoods, lying and the same evil force that seeks the destruction of man and the Son of Man, for rejecting Satan's offer of worldly power in the desert.

Actual screen capture made by your's truly from the ADL website years ago. A poisonous, flaming snake is coming out of a Star of Satan logo. The hypocrite liars have long since removed it, realizing us Goyim out here are now getting it about their evil arrogance. They can't have us connect up scripture with their modern day hypocrisy!

The same could be said of Mathew 12:34 too, where Jesus calls the Pharisees “a den of vipers.” It is said that Kabbalistic Jews use the sign of the serpent as a symbol of the “lying lip.” Curiously, the Jewish Anti-Defamation League (ADL) once used a demonic-looking serpent and Star of David (or Rothschild) logo on their website glorifying their fight against us evil White “bigots” (the hypocrites never, ever say a word about black racism) and “anti-Semitism” — which is the main thing, really. Their “fight” is only in the suppression and intimidation of White gentiles.*

Do I know the Jews are controlled by a demonic spirit called Satan? Of course not. There is no way I, or anyone else living that I know of, can truly say for sure. Nor can we know exactly what Jesus might say for this or that nowadays. The only thing we have to go on is what's before us and what we know in our hearts to be good and true.

But it is certain that America is now under the control of morally bankrupt people, willing to do evil things and corrupted by money powers obviously made up of Zionist, International Jewry. And they are indeed purveyors of total hypocrisy!

How else can we explain how Israel gets away with what it does in the world? How else can we explain the never-ending wars in the Mideast and how the media purposefully hides Israeli atrocities from the public? What other explanation covers everything from 9/11 to the NWO; financial scams from the Fed to Wall Street and International banking; the purposeful flooding of our own lands with a multitude of ethnic groups; to the continuous moral turpitude and cultural destructions unleashed upon our countries and race?

Consider the prideful ways of these rabbis and their acolytes over the last two thousand years. Do they not continuously reinterpret the Talmud to justify the sins of their race and boast of their intellectual superiority among each other and sometimes even of God himself?

And have not the teachers of this race gone forth and told their soldiers to feel no guilt as they mercilessly slay non-Jews — men, women and children — whom they call Amalek, ancient enemies to the Jewish race?

Why do these people persist in calling themselves the “Chosen Ones” and the “Light Upon Nations” when their actions so clearly betray them?

Consider, too, the slew of “Christian” False Prophets who have long infested the American airwaves, preaching us to support Israel, while totally ignoring the evils the Zionists do to their fellow man. Hypocrites, totally. These corpulent con-men continually harangue the poor people of our country for money so they can live high on the hog. You see them glad-handing Israeli big shots as they spend lavish vacations with their families and hanger-ons in the Holy Land — land violently cleared and stolen from the poor Palestinians of the countryside.

These pompous fools will soon meet the same end as the rest!

The facts are indisputable anymore. The White race and our countries are now being turned inside out in a long-running agenda by powerful, but publicly hidden Jew hypocrites, intent on elevating their race into the masters of the planet, by any means necessary. This evil ambition must be stopped, should we wish Christianity, White people, or even common decency to survive.

False prophet “Bishop” John Hagee is obviously a paid-agent of the Zionists — like so many fooled Christians and politicians in the USA. None of us dare speak out against these evil Jews since the bastards now pretty much own the country!

It is up to each one of us. I hope my words are enough for you to look into all this and get on the stick. Trust me, the media dares not touch anything to do with Jews with a 10,000 foot pole.

I will fight these people with words now in the homes, on street corners and over the Internet. If need be, should my Constitutional rights be stolen by them and their Zionist corrupted agents, I will fight them with force of arms, alongside my brothers and sisters — house-to-house, in the streets, forests and fields until we succeed, and these evil hypocrite's stranglehold upon our nations is broken.

This I will do even if I might not survive, ending-up dead on the ground with my still smoking 9 mike-mike gripped tightly in my cold, lifeless hand.

They shall never silence me as long as a breath animates my body and I still have a round left in the magazine!

— Phillip Marlowe

** It is clear from the New Testament that the Jewish power structure of the time, the Sanhedrin, WERE TOTALLY responsible for forcing the Romans to execute Jesus. And following the crucifixion, they mercilessly persecuted the early Christian worshippers all over Israel, Syria and Rome. Additionally, the Jewish Talmud contains "virulent hate speech" about Jesus being the son of a whore, a magician from Egypt and is now boiling in excrement in hell. They even gleefully brag it was really the Jews who did the execution, and not the Romans, by strangling Jesus to death in the trash heap of Gomorrah!*

But they sure go crazy whenever we say one damn thing, now don't they?

Today, the Jews are doing everything they can to shut up the Goyim from saying one word about whatever they do, including what the Sanhedrin once did to Jesus Christ. Witness this grovelling apology letter from Glenn Beck to Abe Foxman proudly published on the ADL website [HERE](#) (for some ridiculously minor on-air comment the Chosenites deemed a "transgression"). Sickening.
