

By Phillip Marlowe (I'm baaaaack!)

Yesterday, the US Boy Scouts dropped the word 'boy' from their name. They've already allowed chicks in, along with open faggots — including unit leaders they go out camping with in the woods (imagine that).

I used to be a Cub Scout (junior level boy scout). When I started going, the mother running our particular cub unit would have us clean her entire home. That happened every single meeting for at least a couple of months. That's all we ever did. She was clearly using us as her little domestic slaves, so I dropped out. I wanted hiking, camping and shooting real guns. But by then, I was pretty much already a wild child (we lived next to the mountains) and could get my woodland groove on all by myself.

My younger brother joined something called "THE INDIAN GUIDES." It was a YMCA competitor outfit to the boy scouts where everyone called each other stupid crap like "Big Chief" and "Little Eagle." I remember them doing this downhill race where the kids

would build a wood car to fit both dad and son — kind of like the Soap Box Derby but with few real construction rules or any course. A disaster waiting to happen.

My dad and my brother built a car to race. It was a fairly standard thing — maybe boring but safe. When I went to the race there was this one father who had built his son this cool-looking batmobile thing that everyone was oohing and ahing over. Even had a nice purple paint job. But I noticed that it didn't have any brakes and when I asked him about it, he said he didn't need any. Go away, punk.

Boy and dad took off down the road like a bat out of hell and promptly flew off into the air at a minor turn and landed in a big dusty wreck. As I recall, one of them broke his collarbone and they had to call out the ambulance. I've always taken perverse pride at asking that long-ago fool about having no brakes and him crashing so soon after. A real life king without clothes kiddie story.

“Once the Boy Scouts swung the door open to homosexuals, it became nothing more than a tax exempt grooming operation.”

Being in the military or in the boy scouts is hugely exciting to faggots. Nothing like being close to hairless innocent little boys to get these disgusting perverts off. You think I'm lying and just being all hateful and stuff? Please.

These are total dirtbags who now think they can do whatever they want to in America. For real.

This pedophile thingie is also why they got themselves the legal right to adopt children. Say what, Cog Man? Yep, these total sickos can actually get FULL CONTROL of helpless little kids. And there's been plenty of cases where the faggot parents sexually abused the minor — sometimes even trading the kid to other faggots at home and abroad!

This kind of thing is so sick it's hard for me to write about it, let alone think about.

Now you might be saying to yourself “oh, that INCOG GUY is imagining things again.” I assure you, I'm not. Entire global networks of pedo sodomites are out there right at this very moment. Like with

Jew-produced homo porn. Check out that expression on the main guy. Sick!

black criminality, you just don't hear a thing when they get busted. Why do you think they vigorously suppressed in the media the "PizzaGate" business? Because the sick crap is very real and they know it.

What you got going on, and this boy scout thing is a part of it, is a concerted effort to turn White males into flaming faggots who don't marry or have children. The nuclear family has long been under attack by Globalist NWO Jewry — out to minimize our race's demographics in the long run.

They are even now putting total faggots on TV all the time.

How about this recent thing I noticed all by my lonesome. There's this cable TV channel called "AHC," which stands for "American Heroes Channel." It used to be the Military Channel, where they ran war documentaries and gun things. I joke that it now really just stands for ADOLPH HITLER Channel since they mostly show every minute anti-Nazi Jew brainwashing WWII documentaries or things on the Civil War — where all the oppressed, innocent Negroes were of course so brave defeating the evil rebel slavers — us total White SUPREMACISTS.

I guarantee you the Jews own this channel and idiot White liberals and Jews are staffed all though-out. But that's just an ed-JOO-cated guess. Call me crazy.

They bring on this Jew fag to tell us how great it was defeating evil Nazis. Screen captures by INCOG MAN.

They had this guy named Aryeh Nusbacher (the first name is a dead giveaway it's a Jew), who is a professor or some crap at the Royal Military institute at Sandhurst, England, coming on to tell us things about weaponry used in WWII. Stuff that I already know about, of course, not to brag or anything.

Anyhoo, at some recent point the Jew boy transitioned into a female. He's now dressing as a woman, has long hair and makeup and changed "HIS" name ("Lynette" I think it now is). But you can still see "HER" as a male all the time on TV, since they can't stop older re-runs on account of little old that. You'll just have to pretend not to notice, I suppose.

Now back to my "far-right, extremist" pontificating.

You have to understand where these freaks are taking this country. We're being turned into a total freak land.

Degradation always rewards degradation. That's why things will get continually worse and worse, sicker and sicker until disgusting crap is everywhere. There's no stopping any of it, because if you say something, all the sickos are trained like seals to scream bloody murder about another "hater." PC has been berry berry good for pervert Jewry.

Things will implode or God will smite us. If you don't believe in God or the devil, well, maybe some freaks will agree with you while they are beating and raping your wife and children out on the front lawn. Then come inside to have a go with you.

And degradation always spreads too. Weaker-minded individuals see it and want to take part in all the fun. There's plenty of sickos out there. Hell, everyone is already shooting each other these days because they see it in the movies and video games.

Things will implode from the sheer hypocrisy snowballing us to hell. Radical feminist METOOER fatties will collide with skinny perverts wanting to get their freak on with any close by females after seeing the latest porn video where the guy gets laid with a secretary sporting a brand new big rack while dressed in the latest sleazy fashion.

For laughs these days, they use cheap 1970's porn music in TV commercials.

America is quite obviously now going to hell and a hand basket after all the crap the filthy lousy Jews have been up to. These stinking rats have screwed up every single country they have lived. Eventually, they always get their asses thrown out, but now the bastards are trying to eliminate the threat beforehand by breeding us Whites away or turning us faggot. As you can see, they've been fairly effective at that.

You think I'm making all this up? Turn on the TV, fool.
