This is something I've wondered about for a long time. I can't answer the question, since I'm not some kind of philosophical theology guy. Satanic or not, it's obvious these stinking Jews love causing trouble. You can tell because practically their whole livelihoods and persona revolve around social engineering, making a big stink over the latest "Whitey-be-bad" story or simply profiting off a wide variety of human immoralities.

The above photo is of a Jew I recently saw on FOX News talking to the cutesy blond anchor about the latest manufactured Trump brouhaha. The control room Jews must have been distracted for a second or two after the anchor finished her questions and thanked him. They failed to immediately switch cameras from the close-in to the studio set wide-angle. For a long awkward second, the Jew looked up at the live camera, giving me a distinct sense of evil emanating from the cold eyes behind his phony Ben Franklin spectacles. The look on his smug face so gave me the HEEBie-jeebies, I racked back the video and took a quick cellphone picture.

Smarty-pants Jew on FOX was one Paul Rosenzweig, senior fellow at “R Street Institute,” a big NEOCON think tank in Deep State DC. He’s also a senior advisor for The Chertoff Group — the now filthy rich Jew Globalist business owned by Michael Chertoff (right — HUGE deep stater Clintonite Zionist) that has really sucked down homoland security dineros after 9/11. Boy, the Jews sure did profit on all those people who died that day, didn’t they? I like the Mondrian colors bow tie — it says “I’m smart, I’m insightful — but still fun in an artsy-fartsy kind of way.”

I’ve done a quick poll on whether you think Jews are actually evil entities representing Beezlebub on our Earthly plane. Click “continue” to put in your two cents!

Now, I’m just a regular guy. I certainly don’t have any special insights into the paranormal world. But I do think there is something “beyond the pale.” I’m not sure exactly what it is. Heaven, hell or other dimensions wrapped up inside the same 3/D space time continuum we see in front of our carbon-based life form eyeballs? Flock, I don’t know!

I have seen a few things in my life that makes me believe there is other dimensions beyond the one we see. I also think when we die our “souls” go somewhere. People have been yapping over the possibility since, well, forever. It’s like we’re not supposed to know. Maybe I’m reading too much into it, like that creepy Jew in my cellphone shot above, but sometimes you see things in real time that makes you think.

And I’m not talking about some secret Alien lizards, either.

Notice how the Israeli flag* has a six pointed hexagram just like a demonic symbol. They call it the Star of David. I call it the Star of Satan. Any sort of TV documentary that talks about Satanism, occult symbols and the dollar bill always keeps quiet about this (I saw something just last night that said ZILCH). They already know they had better not say a word about anything to do with Jewry and Israel, or get fired. All non-Jews in media and DC goyim know this.

Whether or not Jews are spawn of the devil, one thing is for sure: They are definitely busy destroying our White race these days. No doubt whatsoever. From our race relations, sexual preferences, to the flooding of our lands with the scum of the planet. They are doing all this

right in front of our noses. Say a word and they scream “HITLER, HITLER, HITLER!”

Hell, you can see the evil bastards have been ramping up the mass media brainwashing to promote us to even breed our own race away. We are most definitely under attack.

Things are getting worse by the day in the once formerly White countries of the West. I believe the Jews are going to do something very, very big in the near future to confuse and distract the now rapidly awakening masses. People are indeed talking about the Jew. Maybe the devil himself planned it like this all along. I don't know for sure.

The only thing I can tell you is to keep your powder dry. Which is obviously why they want to disarm us ASAP. In fact, the brilliance of 18th century Christian White men, may just be what saves the White race in the end.

Think about it!

**BTW, the two blue lines next to the Star of Satan on the Israeli flag stand for the Egypt's river Nile and Iraq's Euphrates river — the Jew's master plan for the eventual size of Israel (Eretz Israel) — with a lot of help of clueless Goyim in the West, of course.*

Are Jews Actually Demonic Agents of Satan?
