

WTF Is Really Going On Cog Man?

WTF Is Really Going On Cog Man?

**...Prejudice is something we must transcend  
Coming into season this world will flower  
With the power of love, not the love of power..."**

— "[Bohemia](#)," actual song found on INCOG's I-POD by talented, but probably pretty liberal, Canadian musician and artist, [Mae Moore](#).

Cog Man, you seem to be on to something — can you lay it all out for me? Like why all us White people are constantly belittled and accused of being the evil ones all the time? I'm just a regular person and I really don't want to become some kind of skinhead Nazi hater. I just want peace and love, dammit to hell!

Well, first off, I don't know everything. Wish I did. But I can easily see where things are going these days. And I'm definitely not some ignorant "rayciss" making things up. Hell, I have liberal White folk music and even some black blues music like John Lee Hooker, Muddy Water and B. B. King on my I-POD playlists. On the outside, I probably look boring as hell — if you met me, you would think "here's your typical White suburban guy, reeking of

haughty White male privilege, of course, but harmless." Little do they know about this "hateful" website I set up!

I've often wished to come up with an all-encompassing brief description of the "Jewish Question." I'm probably being arrogant to assume I have the brain power to do it. I'm simply trying to awaken my fellow White brethren to the long-running "agenda" of racial destruction being done to us White people. Oh, it's real, alright. I've quietly been studying and contemplating the matter from all angles for years. Along with that, carefully talking with certain insiders, high and low. It's absolutely the truth: These bastards have been in a war with the White race. Even humanity itself is at risk because of them.

I once told my brother, the things I believe are basically what he and pretty much all other decent Whites think. Only difference, is that they just don't get what the Jews have been up to in our lands. The media fully realizes that if us "regular" Whites get the deal about these creeps, then their whole rigged PC system of the last one hundred years is through. They certainly don't want their cushy existence threatened by irate mobs. Especially since so many of us have guns.

First off, and this is very important, the Germans were not evil people. It amazes me how much they go on and on and on about evil Germans. Get this and get it good: The Germans killed people, but we killed people, too. When we killed people of other countries, they wanted payback and vice versa, forever and ever, amen.

Remember the old saying "the victor writes the history?" That's what we got going on. But with a big twist to this very day. The Jews wanted to have their own homeland — atheists or not, they believed God himself gave them Israel and, by golly, they were going to have it once again. So they continuously ran "atrocious propaganda" created by the Soviets, Britain, USA and themselves to brainwash our people with something they called the "holocaust" to justify the "Zionists" stealing the area from the people (Jews, Arab Muslims and Christians) already living there, pretty much peaceably with each other.

Now these "Zionists" are a Jewish international political cabal richly funded by International Jewish money. Riches, BTW, garnered by creating the infrastructure of FIAT phony paper money and national debt in our own lands, plus taking a cut of the action every time we went grocery shopping, or even buying non-edible items (the KOSHER scam). Basically, they are getting rich off us, while hiding crap and telling us anything they deem in their best interests as a race/religion/criminal mob/whatever.

These Zionists were also big commies, who killed tons of people themselves. Hell, their political "manifestos" killed more people the last century than Nazis ever did. True dat!

Now they sure as hell don't want us Whites to get that part of the equation. I used to wonder why that was so. Every time I turned around there was another movie or documentary about the German White Nazis killing everyone in sight, but ZILCH on commies when they killed tens of millions more across entire continents.

I remember once asking this old hipster guy I knew from this funky SoHo Jazz bar where I used to hang out a long time ago. I knew he was an ex pat from Russia. Do you know what he said? It was because of the Jews. The Jews, I asked? Yep, with a chuckle he said he should know, being a Jew himself!

Oh, he wasn't the only Jew willing to speak about it. I've talked to others. Some of them are quite forthcoming if they don't think you're a big Nazi.

See, that's the thing. Jews have been just as brainwashed as us White people when it comes to Nazis and gas chamber crap. They are all scared of us going Gestapo on their butts once again. On one hand, you really can't blame the Jews for being such big creeps. On the other hand, they really are huge creeps. They practically insist people hate them. It's some sort of weird racial masochism.

Then you have your lefty Jews, who think they know it all, working to bring in non-Whites into our lands from across the planet. They are also big into faggotry and tranny stuff, right along with jacking the homies left and right about us evil racist Whitey slavers. Plus, they feel free as a bird promoting us to breed our noble, creative race away. They used to avoid that (yet have tested the waters with movies like "Guess Who's Coming to Dinner). But they are now a rush to eliminate us as threat to their social engineering programs and NWO agenda. It's everywhere on TV these last few years.

I can't imagine a more self-centered, self-righteous bunch of devious creeps in all my life.

This is why you have Jews everywhere working to keep us Whites ensnared in PC. This is why you get Whites like Tommie Robinson, Monica Shaefer, and 89 year-old Ursula Haverbeck put in prison for saying things they don't want said. Actually, there's been tons of Whites who have been fired, had their lives ruined or even thrown into jail because of these creeps.

Jews have massively funded, globalist operations, like the ADL, Simon Weisenthal Center and SPLC expressly dedicated to keeping tabs on us evil Whiteys and raising Cain should any of us get out of line. The media is completely at their beck and call to slander us as "Neo-Nazis." All sorts of newly created slander terms have been installed in our populations like "Xenaphobe," "Homophobe" and "Far-Right Extremists" designed to intimidate us into keeping it zipped.

Behind all these little Jews everywhere, you have mega rich Globalist Jews like George Soros (real name: Schwartz) and families like the Rothschilds and Warburgs. You never hear them talk about them, now do you? The reason for that is obvious. To do so invites getting fired. Only very occasionally do you hear anything about Soros — and never the fact he's a Jew. They don't want you to associate Jewry with lefty, globalist movements.

Yep, there's tons of other rich Jews working to keep Whites brainwashed and apart of the NWO Globalist octopus. Many of your little Jews actually have made careers out of it. You

can see them on TV all the time, telling America what to do and who to hate. Pay attention to last names (but they change those all the time), often their general Jewy look (but not always) and what pro-Israel/pro-PC/pro-immigration viewpoints they espouse.

You Whites reading this need to wake up now.
