Some people may not know of my pages [“WHITE VICTIMS”](#) and [“MUDSHARK MADNESS”](#) up under my masthead banner above. In these, I put together photo montages of recent White victims, gathered across the Internet (much thanks to [NEW NATION NEWS](#)). At the top are the most recent, followed below by past cases and continued on other pages.

For whatever reasons these pages get continual daily hits from all over the Internet. I’ve tracked hits back to see who’s linking to them and what kind of discussions are going on. It seems to be having an effect. Of course, a lot of liberal morons simply call me a racist for doing this. Ridiculous, since I’m only putting the shots together and giving a brief description of the crime.

The White race seems clueless on how much we’re victimized by blacks. For decades — even since the dawn of mass media simply out of White graciousness — we’ve been kept in the dark about the true nature of the black race. And that nature is: Violence, criminality and callous brutality as a daily hallmark of this race. That doesn’t mean just poor

uneducated blacks in the 'hood, mind you. Many cases I've read are of blacks who have made it to the good life — often thanks to White efforts at fairness and decency (Affirmative Action). Something in them snaps one day and they commit horrible crimes to anyone nearby — including us innocent Whites.

The lefty mass media has various editorial tricks they use on a daily basis in keeping us Whites snowed. Mostly, they avoid like the plague showing the mug shot of a black perp. As story illustrations, they usually resort to generic crime "stock photos" downloaded or read off of CD's purchased from stock agencies, or bland photos taken outside the actual crime scene. Shots like police cars flashing lights and yellow crime tape across the image. I know exactly where they get these things and can easily spot the decisions they make.

I saw this just the other day on my home page and noticed it did not show the perp. A simple 10 second Internet search turned up her image (right). If a White had done it, you can bet a large mug shot would have accompanied the story — front and center. Pay attention and you, too, will pick up on the anti-White "PSYOPS" games they are playing.

In the last few years or so, they've been running the occasional black crime. They used to never do this, but apparently realized people like me are exposing the brainwashing scam on the Internet. They now have to mix it up a little or too many Whites will start to get wise. But what they do report is really only the barest percentage of crimes blacks commit.

Get this and get it good: Blacks have zero problem killing people — even us Whites. Liberal

or conservative, doesn't matter: They hate us. They've been fed a steady diet of media showing us Whites as the evil victimizers of their race — things like yearly Hollywood slavery movies and Jim Crow documentaries. Although most of this is meant to keep Whites feeling race guilt, a lot is to keep blacks on the plantation for the Democrat party.

Lefty whores really don't care what they are doing to this country in the long run. And they quite obviously could care less about any of us Whites being murdered — sometimes even because of our skin color. The ruinous hypocrisy stinks to high heaven.

Every white woman raises a detriment to society when they raise a son. Someone with the HIGHEST propensity to be a terrorist, rapist, racist, killer, and domestic violence all star. Historically every son you had should be sacrificed to the wolves Bitch

2. Mixed a dab of blood in the strawberry jam of a white man's bagel. {simple thumb prick}
3. White bitch said her table needs cleaning.. I rushed to her table using the bathroom rag lol
4. Obnoxious pink faced 4 year old gets hor chocolate with finely grounded dry pit bull shit Her stupid ass mom yells "oh look dear!. Marshmallow sprinkles"! 😂. I almost fell out.
5. Pocketed a extra 94 dollars just today.. Overcharging these "no thank you no receipt needed ass fools"
6. Father and son order gourmet sandwiches. I lick both sides of the bread prior to making.

Bla

*cks are often extremely antagonistic towards Whites, but only rarely get into trouble because of it; while Whites routinely have online accounts deleted, fired from jobs and their name trashed all over the media for saying practically anything. Blacks even laugh among themselves on how much White people are muzzled and humiliated by PC.*

Have you noticed how the littlest “wrong” thing a White might say becomes big time news fodder? Like the owner of Papa John’s pizza recently saying the “N-WORD” in a conference call (which really wasn’t anything other than him saying the word in a rhetorical fashion). Well, they have to publicly attack any White who might purposefully or accidentally buck the PC muzzle keeping us silent. Then they gleefully report on how so-and-so apologized profusely and swore never to do it again.

This is also the hidden motive for so much talk about limiting free speech on the Internet. It’s an extremely tricky thing for them to do without it becoming too obvious that the target is really us Whites waking up. You can easily see how they censor out comments in stories about black crime or rioting — if they haven’t already closed the comment section to begin with.

They have to keep us Whites racially intimidated. They don’t even want us to say the wrong thing in private among ourselves. Whites have been totally programmed to call other Whites “racist” should we even broach topics like black criminality. They’ve also been programmed to retort like parrots “Whites do it, too.” Sure, Whites commit crime, no doubt, but nothing on the order of magnitude of the black race.

The disparity of black crime versus White is obvious just by reading between the lines of the local news, but occasionally real data can be seen. The above is not exactly fair, since the White numbers might also include Caucasian Hispanic (Spanish), Asians, Jews, Semites and various other what nots. It also might be statistically stepped on in other ways not readily apparent.

Every day blacks murder each other on street corners of all big and little cities all across the country. Since I didn't see anything on black-on-White crime, I stupidly used to think they were really scared of killing Whites, but that's not the case. They really don't think about consequences to any degree. The media was simply hiding such cases from common knowledge. As more and more Whites find themselves living among and near blacks, more of us will become criminally victimized by the true nature of this violent race.

This race is not only violent and criminal, but now totally spoiled rotten by White people's efforts to mollify them over the last 50 years. They are just like children — highly dangerous children. Nothing we do will ever satisfy them.

Blacks also lack any sense of empathy for their victims. I've noticed this in the amount of animal cruelty cases at the hands of sadistic blacks (animal cruelty runs me totally hot). Also, many black human crime victims suffer incredibly horrible deaths, things like getting

burned alive and real life, hard core torture. You can also see how they think about suffering — they often brag about what horrors they inflicted on victims, because “da Whitey dun axed fo it.”

Gun control won't help us one bit. Britain enacted draconian gun control and now all the crime-prone Third Worlders are stabbing people left and right. Every 4 minutes someone gets stabbed in the streets. They are even talking about “knife control” if you can believe it. Acid attacks are another thing non-Whites are doing over there. Imagine getting splashed in the face with a jar of sulphuric acid?

Now some people just don't get the Jew angle to all of this. The “Chosen Ones” want to keep us European White gentiles bollixed up and sibilant while they gradually turn our lands into a powerless bastard mix of dumbled down races — much easier to control once they have their communistic NWO police state. You can easily see all this in their political writings, like with the Jewish-financed and staffed Marxist Frankfurt School in Weimar Germany — before the Fuehrer man came to power.

Hell, you can see them flooding Europe right at this very moment with Africans coming over from Libya by human smugglers headquartered in the failed state brought to you by Shabbos Goy, Hillary Clinton, and France's Jewish PM at the time, Nicolas Sarkozy.

Oh, this is definitely the agenda of these commie backstabbers — no doubt about it.

Look at the big picture here: This whole topic is totally off limits for any open, public discussion. You won't even hear of it on FOX news. Because of PC, they've got our race by the short hairs. In fact, the racial brainwashing of Whites is so complete, they've got many of us demonstrating out in the streets over any common sense law made to stop illegal immigration into our lands.

It's now a race to the finish — the finish of the White race if these backstabbing creeps have their way. We simply cannot allow them to do this to our noble race.

*BTW: On a personal note, I'm feeling much better after breaking 5 of my ribs in a minor accident two weeks ago. But I'm still just as pissy over what the bastards are doing to my race, as you can see. Please join with me on spreading the news.*

Super cute 16 year-old [Christina Edkins](#) was wildly stabbed to death out of the blue by an African immigrant on a double-decker bus in Birmingham, England in 2013. This kind of thing now happens all the time over there.
