Now comes word Jew Senator Chuckie Boy Schumer wants to rename the Richard Russell building after the now croaked Senator John McCain.

Not surprising. Besides being an old dead White dude, Senator Richard Russell was from the South. Russell was against the Civil Rights act and believed in segregation. Make note they will report on that like it was a big deal in the press. Evil White supremacist!

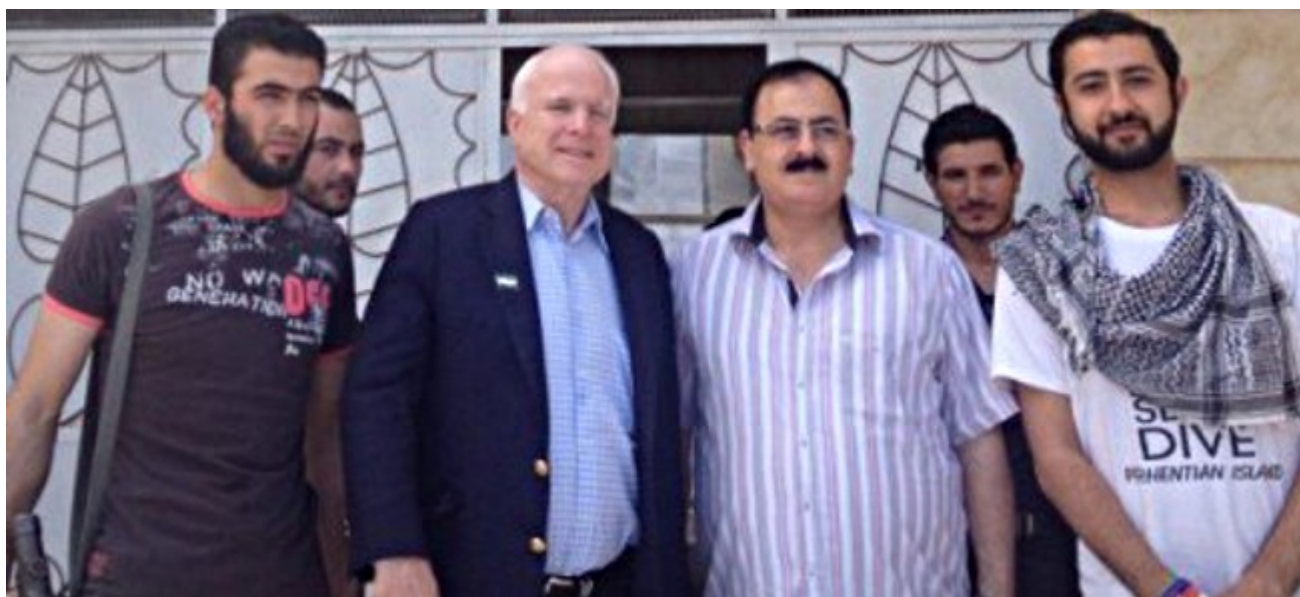

But the Jews really hate Russell because he helped block LBJ's nomination of SCOTUS judge, Abe Fortas (right), to become head honcho Chief Justice. Fortas, a corrupt FDR Jew who trashed anti-Commie Senator, Joseph McCarthy, was getting \$150,000 a speech from Jew lefty operations. \$150K back then was about a million today. All sorts of pols on both sides of the aisle were against seeing him elevated to Supreme Court Chief Justice — not just Russell. Probably a lot suspected the Jews were itching to turn America upside down with Marxist social engineering — like you see today.

Fortas was a corrupt Jew (as usual). Wall Street Jew, Louis Wolfson, promised him \$20 grand a year for life (and then the rest of his wife's life) to help get him off a SEC insider charge. \$20K then, is about \$150K now. After Wolfson was indicted twice and his arrangement with Fortas became publicly known (not much in the media since he was a sacred Jew); Fortas returned the money. Fortas was obviously dirty. He finally resigned from the Supreme Court. Russell was totally correct.

John McCain was a total tool of the Jew NWO. He's the guy who spearheaded the 1990's H1B visa program, bringing in tons of Turd Worlders to replace White workers. His big time navy admiral daddy helped cover up the Israeli attack on the USS Liberty — which the Zionist bastards tried to sink to suck us into a Mideast war. Him and his Senate bud, Teddie boy Kennedy, wanted to give all the illegals amnesty just a few years ago.

Oh yeah, this guy was a punk.

John McCain was part of the big Zionist push to bring down Syria's Assad. He's been photographed with many of the top Syrian anti-Assad Muslim leaders — some of whom were part of ISIS for crying out loud. Hundreds of thousands of people died horrible deaths due to this stinking manipulative little bastard pushing Israel's agenda.

You might think our so-called "free press" would talk about that. But no, all of them are part of the big brainwashing of America — including FOX news. They control the narrative, and can make America think just about anything. You can see the phony BS all over the place these days.

Whites don't get these "ins and outs" going on DC because they are clueless about real history, to say nothing about what the Jews are doing today.

Notice the media hype going on now about McCain. They want the regular American to believe they are being fair about a conservative. My ass! McCain was a good "SHABBOS GOY" to the Jew NWO. Absolutely.

I love how these liberal hypocrites are so transparent. Notice how they use McCain as a way to attack Trump. They make sure to tell you McCain only wanted Bushie Boy and Obongo to give a speech at the funeral. Trump is so evil for saying bad things about their Shabbos Goy boy. Notice how they bring on that Jeff Flake creep to talk about McCain, since Flake hates Trump.

John McCain wasn't any kind of American patriot. He blocked for years information on POW/MIAs because he was a member of the "deep state." It's all part of the NWO.

Also, McCain fully admitted shopping around the "Pissgate" story against Trump to the Intel

community and James Comey early in the 2016 campaign. It was later picked up by Fusion GPS and then funded by Hillary's team for possible use in the campaign. Anti-Trump leftys in the FBI turned the whole thing into giant clusterf*ck that keeps going on and on to this day. Trump supporters should definitely ask around about this.

Little wonder Trump didn't like the guy.

There was plenty of American guys who suffered in North Vietnamese prison camps, besides John McCain. Believe me. McCain was an insider to the Jewish controlled NWO from the start. He's no big American hero. Traitor, yes.

The filthy Jews now think they own America. No doubt about it.
