Phillip Marlowe

Have you noticed the media is now going haywire over Catholic Pedo priests in Pennsylvania? So why don't they ever report on Jewish Rabbi Pedos? Ever think of that?

Because the lousy Jews are in a war with the Catholic church and White people in general, that's why. Practically all your Catholic priests in the West are going to be White men. What could be a sweeter target for Jews and libtards? They've been using the Catholic church as a punching bag for decades. Plus, these satanic creeps hate Jesus Christ. It's so easy to see why the subversive Jew media is reporting this story everywhere.

The Pennsylvania Attorney General (right) who announced the whole thing in public the other day was a Sharpy Shapiro Jew. Notice how the media already had victims lined up to give tearful sound bites for the TV reports that night. Doesn't that show you they organize this kind of thing in advance?

Why Don't They Report on Jewish RABBI Pedos?

Read "[School of Darkness](#)" by Bella Dodd. She was a big honcho in the American Commie party (CPUSA) back in the 30s and 40s. But she had a major change of heart and renewed her Catholic faith. In her book, she tells of a long-running plot by the commies to infiltrate the church with young homo priest students. They planned to undermine the Vatican and churches everywhere with secret perverts as a way of subverting America and the family unit. A totally diabolical commie plan. You're seeing the end result, my friends.

Yep, it's another smug, smiling Jew bastard! Josh Shapiro, Pennsylvania AG.

And homos and pedos are all birds of a feather. Yes, they are. The hypocrites are not going to say that. They don't want the casual person to equate perversion with homos or trannys, but that's exactly the case.

Dirty Jew RABBI pedophiles and pervert pedo rings have been busted for years and yet you never ever hear a word about it in the National News. They protect Jewry just like they protect black behavior.

The hypocrites are deathly afraid of us Whites going FASCIST on them before it's too late. That's why they are working fast to breed us away and flood our lands with non-White Turd Worlders. The whole thing has become completely obvious in the last few years.

Notice another thing: They never report on pedos in Hollywood. That's because Hollywood is sacred Jew territory. Think that's BS? Then you're an idiot. Hollywood is chock full of Jew pedophiles and perverts. One of the nearby side industries, Pornography, happily corrupts Hollywood's cast-offs and never wuz. Jew celebrity men actors braggingly partake in the foolish Goyim Girl feast. Why do you think all this #METOO stuff happened? Practically all the named dirtbags were rich old Jew men doing the same.

Lordy, the whole area out there is truly a modern day Sodom and Gomorrah. When you talk to people from out there, you can tell they've been turned completely into soulless, money-grubbing perverts. That's what the Jews are doing to the rest of the country, believe me.

Just think about it for a minute: The media constantly pushes sex. Have been from the start. Kiddies see it all the time. Hell, they want them to see it. No wonder there's so many sick perverts running around these days — White, black, brown, Jew, Asian — whatever!

Now, you're probably telling yourself "this INCOG guy must be some sort of straight-laced religious freak." He probably looks a lot like that scary old man preacher guy singing hymns in those "Poltergeist" movie sequels (right). No, I assure you, I'm not. I'm just a regular old dirty dog like yourself. But I can easily see what kinds of foul Jew BS is "going down."

If you're a Christian, or just a regular decent person who doesn't want to see America turned into Pervert Central, then you need to start telling everyone about the Jew. They're the ones turning this country inside-out and jacking the homies every minute.

I'm just warning you. I've been quietly studying these creeps for decades all by my lonesome. They really are turning America into total crap.

No, this is not INCOG MAN. Like to get a hat like that in A-TACS camo, though.
