You probably heard about that cute young lady jogging in DC where some wacko nig stabbed her 7 times out of the blue out on the street. She stumbled bleeding like crazy into a nearby restaurant for help and soon died. They had it on the national news, mostly because of it happening in Washington DC, about a mile or so from the White House at Logan Circle. Plus, the popular woman was engaged and had only just bought a wedding dress (photos below).

I noticed the traitorous media showed her hispanic mother telling a news reporter she didn't hate the guy who stabbed her beloved daughter to death. That was the full extent of the sound bite. We all simply must love these murderous animals no matter what! The media knows the narrative buttons to push to keep us Whites PC brainwashed.

Another thing they said is that this is a rare thing. My White butt! I've read of plenty of cases where some crazy jig runs up out of the blue and sticks a White person over and over in the gut with a butcher knife stolen from a Target store. Or hacked to death with a

machete, like what might happen in Africa or Haiti everyday, for crying out loud.

Don't you get it? These crazy, insane blacks can be anywhere. There is no telling when one of these street animals goes completely bonkers and brutally starts stabbing one of us decent White people simply going about our day. None of your idiot liberals who push this diversity nonsense on the rest of us are going to say one damn thing. They think it won't happen to them. Or at least hope not.

Not ice how fast the story went down the rabbit hole. No further coverage on the news, even though it appears he stabbed her [because she was White](#).

I read a story a couple of months ago about this White guy, [Anthony Mele](#), dining out with his wife in a nice Ventura, California, restaurant and had his adopted Asian little girl sitting right in his lap when some black nutcase ran inside the place with a dirk and stabbed him in the throat. In a crowded restaurant, for chrissakes. He probably bled to death before they even got him into the ambulance.

Then there was this White guy, [David Stephens](#), jogging down in Dallas, Texas, when a former black college football star attacked him with a machete, wildly hacking him to death on the jogging path out of the blue. That story sure didn't make national news. A few weeks later, his loving wife Patti committed suicide because of it.

Meanwhile, within the same 24 hour period and only about a mile or so away in Dallas, a cute young 18 year-old Mormon girl, [Zoe Hastings](#), was simply dropping off a video when a black freak sex predator accosted her getting back into her parent's minivan. He had a knife. The poor girl was on her way to Bible studies class, for crying out loud.

Zoe Hastings died horribly at the hands of a black sex monster armed with a knife.

In 2012, Shannon Collins was simply walking to a hairdo appointment when she was randomly stabbed to death on the street.

The black monster forced the girl back into the van and drove it or made her drive it to a nearby wooded park where he raped and stabbed her to death. Then he pushed the van down into a wooded ravine. Imagine the sheer fear the girl felt.

Yeah, right, sure, black lives matter. But how about us White people, dammit?

Back in 2012, an attractive middle-aged White lady [Shannon Collins](#) (left) was strolling to her hairdo appointment in pleasant Santa Cruz, California, when a black crazy ran up and gutted her out like a fish. Another White lady that same year, [Charlotte McGill](#) was walking her little dog in a Spokane, Washington suburb, when a black psycho stabbed her to death out of the blue. None of these stories made national news.

This is just a handful of cases that I remember from my "[WHITE VICTIMS](#)" of the black race. Many other cases of blacks stabbing us to death are at the link. Just go there and scroll down for a minute or two.

Look at that crazy black bastard! The SOB got away with killing 6 year-old Logan Tipton by an insanity defense. He'll get back out of a cushy mental health facility soon enough. Perhaps you or a loved one will see that crazy face on the street?

How about the little White kid sleeping in his own bed when a black crazy snuck into the home early in the morning through an unlocked back door, stole a butcher knife out of the kitchen and went into his bedroom? He stabbed the poor little boy multiple times in the chest and face. Six year-old [Logan Tipton](#) of Kentucky died right there in his dad's arms. Talk about waking up to a real life nightmare.

OK, chances are you probably won't fall victim to one of these black street nutcases. But combine them with all the murderous black criminals and White-haters out there wanting to rob and rape you, you do stand a chance of being another dead White victim of the brutal black race — who we're all expected to think they are civilized members of society or else you're a racist.

See, that's the thing. The backstabbing Jews have pushed all this diversity nonsense on the White race for decades. You can spot the diversity bull caca in Jewish Hollywood movies going back to the WWII, at least. They wanted to turn our lands into a multiracial craphole from the beginning. You see how insane White leftys are these days? It's the culmination of daily brainwashing out of Jewish media and Jews promoting this BS in education.

America is now one stupid and PC insane country where all the Third Worlder POC and violent criminal blacks are having a field day, living on the public dole while committing crime and mayhem on each other and us Whites.

You can easily spot this just in TV commercials nowadays. Every beer commercial with people partying has to have smiling, clean-cut looking blacks laughing along (we're all expected to have black friends at our social events or else we might be racist). The phony expert actors explaining high tech or medicine products are usually now black. The only commercials where they don't have blacks are burglar alarm companies — where the criminals are always White — even though all of us know blacks are total thieves, mostly the ones committing B&E, or illegal Mestizo aliens. Totally ridiculous.

Then we have these stinking, subversive Jews telling us how to think all the time. This past Sunday's "Meet The Press" had Chuck Todd, Marvin Kalb and Jonah Goldberg (all anti-Trump Jews, including the show host, Chuck Todd) on the roundtable along with anti-White black militant Helene Cooper (who sometimes wears black Africa pendants on air) and some idiot White libtard girl — who might have been Jewish, too, by the looks of her.

They were all pushing the anti-Trump agenda and that Trump's SCOTUS nominee, Brett Kavanaugh, is such an evil White guy for supposedly feeling up a chick 36 years ago at a drunken high school party. Like BFD.

Total White male hate is on display everywhere. They now feel free to insult and blame us White men for everything now. Infuriating considering all we've done for the planet.

Yep, these dirty Jews are working to slow genocide the White race. It's all right in front of you everyday. They are now scared that Trump is awakening a populist movement that might endanger them and their subversive anti-White agenda. Little wonder every country these backstabbers have ever lived, has soon gone to pot and the people there rise up to throw them out. The Jews know this.

America is surely being turned into a crime-infested Third World craphole. This is what we get for allowing these stinking Jews to immigrate here from Russia back in the 19th century and the decades since.

They have been nothing but big trouble for White countries. No doubt about it.
