

OPEN LETTER TO GODLESS RACIST WAR CRIMINAL 'MAD DOG' MATTIS

I have always hated bullies ever since I can remember. The first physical confrontation I had was when I was about 5 years old. A much older bully was tormenting a puppy and went ballistic - tears rage and flying little fists was all I remember. Today, my anger is aimed at the stupid racist military psychopaths whose disgraceful murderous sadistic bloodthirsty criminal conduct toward innocent civilian women and children the aged and even the ill or crippled - makes us ashamed to be called 'American' and especially a veteran. You see, Mr. MAD DOG sadist - When you were just learning to be a bully in 5th grade - I was commanding a basic infantry company and teaching young men how to DEFEND - OUR COUNTRY - and not the stinking jews in IsraHELL. I have known your type my whole life - stupid - illiterate - crude - profane - vile - evil - Godless - thug mentality - racist - red/neck - violent street scum. You are a disgrace to the uniform I wore and that of every decent son who wore it before you and after you. Oh and yes - I once trained your Marines some 50+ years back in Special Forces style airborne resupply.. I hadn't then realized what evil mindless brainwashed criminals they were until I read the disgraceful 29 Palms Marine survey report. It told me that an alarming percentage of Marines over 20 YEARS AGO were willing to murder even AMERICAN civilians if ordered to. With the murders of innocent foreign civilian families now topping over TWO MILLION - it is FRIGHTENING OBVIOUS that these even more Godless even more jew worshipping kill for hire - terrorists would murder our own people if "ORDERED TO."

I met lots of Arab people while in the Mid -east . They were pretty much all courteous polite honest moral and hospitable. - unlike your Christ killing, America mocking IsraHELL IsraHELL jew pals. Your modern semper-fi, - semper- stupid mercenary Marines - are modern well paid killers for hire, who all know the jews committed at least two acts of war against America - but they will defend - and HAVE defended - these Christ murdering jews before they would defended their OWN COUNTRY against these jew enemies of America - . Isn't that so -General? The Special Warfare School at Bragg USED to require The ART Of WAR as required reading. The first lesson was to KNOW WHO THE ENEMY WAS. Only red-neck mentality morons still believe the murderous jews are our 'allies'. Are Marine grunts too stupid to learn this - OR do their commanders keep them ignorant on purpose ? How far up does the treason deception and lying go, General? Good Vietnam era men like my friend Col. David 'Hack' Hackworth tried to warn us years ago about this corruption and outright treason at high levels - but maybe the rot had already gone too far.

I will do everything I can to insure that evil scum like you DO NOT drag my country into WWII and know that I might live to see my children and grandchildren die in a nuclear war CAUSED BY BASTARDS LIKE YOU - and no lectures from the likes of you. I have spent decades of my life in intelligence analysis - much of it boots on the ground and I consider scum like you a SERIOUS threat to world peace and believe me scumbag - I am not the only one. I USED to believe the Communists were our greatest threat - but it is obvious that the REAL threat is from DOMESTIC ENEMIES like you. You see - I took the same oath on the Bible you so cruelly mock - only I have honored mine! Terrorists? I have hunted REAL TERRORISTS with Salvadorean Marines - interrogated them and witnessed the horrors they did in El Salvador. What these monsters did were 'naughty' pranks compared to the terrorism committed by mercenary Marine child killers under your watch.

You and you ilk of Godless degenerate Marine thugs are perfect example of what is EVIL and DEGENERATE and loathsome and demonic in this once decent country. The crimes you have committed in the name of our flag make Mafioso gangsters crimes look bland. You and your psychopath Marines have caused more wrongful death despair suffering agony and created more helpless orphans and homeless widows than Pol pot. If there is a 'biblical HELL' - then you have an appointment with Satan in the most forlorn part of hell for all eternity. You are not even CLOSE to being human. You are a demon of the most degenerate filthy kind. Hatred and evil is etched in your face from years of remorseless criminal conduct. You just look evil - but I'm sure you take pride in that as well.

Above is proof you no problem mocking Christ. But would should I expect from a man is so vile and offensive that no woman will have him and who could never love a child as he murders them at every opportunity. Blasphemy is just another of your idea of humor. You ARE TOTALLY AWARE of the unspeakable crimes committed by the animals in your command whose nature covers every vile evil known to man and you do not ONLY allow these horrible crimes against humanity but you actually ENCOURAGE THEM and rejoice in the agony and suffering of the defenseless and helpless.

Nothing is sacred to you and no bestiality is too vile or obscene for you or your mercenary soulless Godless assassins to commit - no cruelty is too sadistic - no dehumanization is too barbaric. There is no creature more evil or cowardly than a man who allows these horrors to be committed in his name than a beast that not only encourages such Godless brutality but also DEFENDS these unspeakable actions as being heroic patriotic and honorable. MARINES ARE CRIMINALS - PERIOD!

You BRAG about your vain nature. You brag that you have have NEVER EVER APPOLOGIZED for ANY Of your horrible crimes. Any fool can commit a sin against an innocent person - but it takes A MAN to show repentance. Again not surprising since you consider Christ a joke - a weakling and an object of ridicule just like your jew pals. You have OPENLY mocked those who would seek peace instead of war. The Lord said that PEACEMAKERS were to be blessed - NOT warmongers like you. Blasphemy is a game to you - a vile offensive conduct for you you have no limit.

You OPENLY brag about refusing to condemn ANY of the most horrible crimes known to man committed by you and your murderous demonic Marines. These moral cowardly scum have committed mass serial murders of entire families- rapes of helpless children - Theft and looting and total destruction of homes - terrorizing of simple decent people - denial of medical aid - denial of food or drink - encouragement of mindless racist hatred - Wiping out of entire villages - Murder of civilians who were trying to bury their dead.-murder of refugees for fun and sport - mutilation of the dead and even sinking so low as to pose with the victims corpse as he or she were some sort of trophy. NOTHING is too vile or sadistic or evil or Godless for you and your grunt scum.

And no crap about 'defending my freedoms'. The ONLY scum who have threatened my 'freedoms' since I was born have been your precious jews and assholes like you that keep them in power. I have read all of your 'sayings' and 'quotes'. I find them obscene and offensive and unsuitable for decent people. You can't open that dirty mouth of yours without saying 'FUCK' this and 'FUCK' that or how you will murder everyone - men -women - children - mothers fathers who don't fit your racist hate . You have dirty mouth to match your dirty soul. Scum like you love to use crude offensive vile profane language to prove your manhood. How many children has your deranged rabid language infected. Do have ANY compassion for children at all - or do you even have a wife or children? Of course not - what decent woman or innocent child would want a MONSTER for a dad.

According to you - one has to be a murderer racist and mindless animal to be a 'REAL MAN". Well I have a news flash for you - my FATHER was a REAL man and a REAL life hero to me because he sacrificed much of his personal life to provide for his brothers and sisters and his family. The only 'thing' that vain arrogant power mad criminals like you have ever 'sacrificed' were the lives of innocent defenseless human beings - ESPECIALLY CHILDREN! I met and worked for or commanded many rough tough paratroopers REAL men who didn't have to spew profanity racism and endless threats and hatred to 'prove' they were men.

It is no coincidence that virtually ALL of the cowardly acts of brutality torture terror and murder against innocent defenseless helpless civilians - many of them children - sometimes ENTIRE families murdered in cold-blood - were committed by drunken or insane racist MARINES! THEN - after realizing what HORRORS they had committed - instead of falling on their knees and begging God for forgiveness - they got drunk and celebrated their unspeakable brutality beatings terror murders and rapes. But after all - were these filthy Godless brainwashed remorseless animals not a 'product' of criminal minds like yours? You

have a LOT of innocent blood on your hands MR.

I pray to the 'God' that you so cruelly mock that millions of decent compassionate people will ALSO read these TRUTHS regarding your unthinkable crimes against humanity - so that you name and face become household words of disgust loathing contempt and RIGHTEOUS HATRED in the homes of every DECENT COMPASSIONATE PATRIOTIC American and citizen of the world.

There are NO words on the English lexicon (which you so obviously failed to learn how to speak properly) to adequately describe the hatred I have for you and your cold-blooded child murdering woman murdering - aged person murdering Marine scum. The day I learned these filthy Christ murdering jews made a hero of putrid troglodyte scum like Chris - the baby killer - Kyle - I could no longer even consider going out in public as a civilian vet with my Special Forces cap I once proudly wore - as I did not want to be WRONGLY associated with racist Marine child killers and thus associate me with that kind of evil murderous terrorist thug trash.

A time back - after i could no longer stand the fact that greedy Godless murdering war criminal putrid redneck racist scum like Kyle was to be made into a HERO and ROLE MODEL for my Grandchildren - I also published an 'open letter' to him expressing my displeasure and damning him to hell for his unspeakable crimes against woman and children - and guess what Mr bad ass - my wish came true! A few weeks later the bastard was sent to his 'father' in hell - MUCH to my joy! The irony of this putrid red-neck scum being taken out by another soldier was not lost on me either.

Well - I also DAMN YOU TO HELL - and will pray to God as often as I can that justice be served. ONLY in your case - I don't want you to die right away. I want something terrible to happen to you so that you suffer in agony for the rest of your miserable life. Cancer is too easy. I want it to be something REALLY mind destroying where suicide would be a blessing. I want you to suffer a thousand hells here ON EARTH - so you you can reflect on the human misery YOU HAVE CAUSED TO COUNTLESS -perhaps tens or hundreds of thousands of victims. I DAMN YOU TO ETERNAL JUSTICE! I WILL be watching the newspapers and TV.

I'm keeping a very special bottle of bubbly wine just in case. One can only hope. Decent military men (pre- Gulf war slaughters) whose honor and character have been wrongly misjudged thanks to criminal scum like you - along with the countless millions of damage families overseas will all rejoice in the satisfaction of knowing 'Satan' is dead!

This may just be a saying, 'Gen. Death' - but it applies so PERFECTLY to war criminals of your filthy ilk! Your existence is offensive to me - and **an abomination to God!**

"THERE ISN'T A FLAG LARGE ENOUGH TO COVER THE SHAME OF KILLING INNOCENT PEOPLE"

When I look at that evil twisted hate filled face of yours and realize that a seated President as rotten as he is - would appoint an insane criminal mind like yours to to such a high and prestigious post as Secy. Of Defense - just makes me want to vomit! I wouldn't even allow you to pollute the air in my home by breathing inside of it.

This is just one of COUNTLESS damning articles exposing your mega-evil nature. This nation has gone down hill morally, but i know that if a sadistic sick demonic war mongering racist bastard like you was exposed back when I first entered the military - you would have been stoned to death on the streets of this once good country. If you are not the 'anti-Christ - the Devil must be on vacation.

Dahr Jamail | James Mattis Is a War Criminal: I Experienced His Attack on Fallujah Firsthand

Marine Gen. James Mattis testifies during his confirmation hearing before the Senate Armed Services Committee on Capitol Hill in Washington on July 27, 2010. (Photo: Brendan Smialowski / The New York Times)

Retired marine General James Mattis, who retired from being the head of CENTCOM in 2013, has become known recently for his stance against what he calls "political Islam."

"Is political Islam in the best interest of the United States?" [Mattis said](#) at the far right-wing Heritage Foundation in 2015. "I suggest the answer is no, but we need to have the discussion. If we won't even ask the question, how do we even recognize which is our side in a fight?"

(MY COMMENT) Gen., Isn't what you REALLY wanted to say, something OPENLY racist like this? : *Dem sand-niggers all look alike- so I ordered my terrorists to KILL EM ALL!* Isn't the TRUTH of it all - that you had no business invading a nation who posed no threat to America IN THE FIRST PLACE? Wasn't all of this horror of mass murder just a 'fun game' to your ego - you sick fuck? Wasn't this just another opportunity to have FUN shooting innocent "rag heads"? Isn't genocide a 'HELL OF A HOOT" to to your deranged mind If it finally comes to murdering civilians in their homes for not supporting your demonic war mongering - i'm POSITIVE it will be 'merkan' Marines who commit the treason - 'cause dey was ordered to'..

Another controversial aspect of his selection that much of the media is focusing on is the fact that in order to get the job, Mattis would need Congress to [pass new legislation](#) to bypass a federal law stating that it has to have been seven years since defense secretaries have been on active duty. Congress has only bypassed that law once in US history, and that occurred over 50 years ago.

More importantly, Mattis, known to some by the nickname of "Mad Dog," has shown a callous disregard for human life, particularly civilians, as evidenced by his behavior leading marines in Iraq, [comments he made](#) about enjoying fighting in Afghanistan because "it's fun

to shoot some people. You know, it's a hell of a hoot," and myriad other problems.

Mattis' Role in the Haditha Massacre

While Mattis has ample military experience — serving as NATO's supreme allied commander and with more than 40 years in the Marine Corps, his nickname seems apt.

He [also said](#), when speaking to a group of soldiers about how to behave in Iraq during a 2003 speech, "Be polite, be professional, but have a plan to kill everybody you meet."

But more importantly, he is clearly responsible for carrying out and/or aiding and abetting in several war crimes.

In November 2005 US marines in Iraq committed a massacre of 24 unarmed Iraqi civilians. The slaughtering of unarmed men, women, children and elderly people, shot multiple times at close range, was retribution for a roadside bomb attack on a convoy of marines. The war crimes were extremely well documented and the atrocity garnered international attention.

When it came time to bring the marines responsible for the massacre to justice, Mattis was the convening authority over the eight charged with crimes at Haditha.

Mattis went on to dismiss all of the charges leveled against the marines who had been accused of killing the civilians and of the eight originally charged, only one still faces possible prosecution, but one can guess how that will end up.

Mattis' Role in Fallujah

Mattis was the head of Camp Pendleton's 1st Marine Division in Iraq and played a lead role during both of the US sieges of Fallujah in 2004.

During the April 2004 siege, more than 700 civilians were killed by the US military, according to Iraqi doctors in the city whom I interviewed in the aftermath of that attack.

While reporting from inside Fallujah during that siege, I personally witnessed women, children, elderly people and ambulances being targeted by US snipers under Mattis' command. Needless to say, all of these are war crimes.

During the November siege of Fallujah later that same year, which I also covered first-hand, more than 5,000 Iraqi civilians were killed. Most were buried in mass graves in the aftermath of the siege.

Mosques were deliberately targeted by the US military, hospitals bombed, medical workers detained, ambulances shot at, cease-fires violated, media repressed, and the use of depleted uranium was widespread. All of these are, again, war crimes.

At that time I [broke the story](#) of the US military's use of white phosphorous, an incendiary weapon similar to napalm in its ability to burn all the way down to the bone. The use of white phosphorus was a violation of international law, given that it was unleashed in the city during a time when the Pentagon itself admitted to at least 50,000 civilians still being present.

More than 200,000 civilians were displaced from their homes during the November siege, and over 75 percent of the city was destroyed.

The horrific legacy of depleted uranium contamination continues, with stillbirths and birth defects [still occurring at astronomical rates](#), creating a situation so extreme that some Iraqi doctors are calling it a genocide.

Life Under Attack by Mattis-Led Forces

In this moment, as we countenance Mattis' planned ascension as secretary of defense, I'd like to share an excerpt from my book [Beyond the Green Zone](#). Taken from a chapter about the April 2004 US siege of Fallujah, this report offers a clear view of the war crimes over which Mattis presided, including the deliberate targeting of innocent civilians, widespread collective punishment and more:

We rolled toward the one small clinic where we were to deliver our medical supplies. The small clinic was managed by Maki al-Nazzal, who was hired just four days ago. He was not a doctor. The other makeshift clinic in Fallujah was in a mechanic's garage. He had barely slept in the past week, nor had any of the doctors at the small clinic.

Originally, the clinic had just three doctors, but since the US military bombed one of the hospitals and were currently sniping at people as they attempted to enter or exit the main hospital, effectively, there were only these two small clinics treating the entire city.

The boxes of medical supplies we brought into the clinic were torn open immediately by the desperate doctors. A woman entered, slapping her chest and face, and wailing as her husband carried in the dying body of her little boy. Blood was trickling off one of his arms, which dangled out of his father's arms. Thus began my witnessing of an endless stream of women and children who had been shot by the US soldiers and were now being raced into the dirty clinic, the cars speeding over the curb out front, and weeping family members carrying in their wounded. One 18-year-old girl had been shot through the neck. She was making breathy gurgling noises as the doctors frantically worked on her amid her muffled moaning. Flies dodged the working hands of doctors to return to the patches of her vomit that stained her black *abaya*.

Her younger brother, a small child of 10 with a gunshot wound in his head from a marine sniper, his eyes glazed and staring into space, continually vomited as the doctors raced to

save his life while family members cried behind me. “The Americans cut our electricity days ago, so we cannot vacuum the vomit from his throat,” a furious doctor tells me. They were both loaded into an ambulance and rushed toward Baghdad, only to die en route.

Another small child lay on a blood-spattered bed, also shot by a sniper. The boy’s grandmother lay nearby, shot as she was attempting to carry children from their home and flee the city. She lay on a bed dying, still clutching a bloodied white surrender flag. Hundreds of families were trapped in their homes, terrorized by US snipers shooting from rooftops and the minarets of mosques whenever they saw someone move past a window.

Blood bags were being kept in a food refrigerator, warmed under running water before being given to patients. There were no anesthetics. The lights went out as the generator ran dry of fuel, so the doctors, who had been working for days on end, worked by light provided by men holding up cigarette lighters or flashlights as the sun set. Needless to say, there was no air-conditioning inside the steamy “clinic.”

One victim of the US military aggression after another was brought into the clinic, nearly all of them women and children, carried by weeping family members. Those who had not been hit by bombs from warplanes had been shot by US snipers. The one functioning ambulance left at this clinic sat outside with bullet holes in the sides and a small group of shots right on the driver’s side of the windshield. The driver, his head bandaged from being grazed by the bullet of a sniper, refused to go collect any more of the dead and wounded.

Standing near the ambulance in frustration, Maki told us, “They [US soldiers] shot the ambulance and they shot the driver *after* they checked his car, inspected his car, and knew that he was carrying nothing. Then they shot him. And then they shot the ambulance. And now I have no ambulance to evacuate more than 20 wounded people. I don’t know who is doing this and why he is doing this. This is terrible. This has never happened before. And I don’t know who to call because it seems that nobody is listening.”

The stream of patients slowed to a sporadic influx as night fell. Maki sat with me as we shared cigarettes in a small office in the rear of the clinic. “For all my life, I believed in American democracy,” he told me with an exhausted voice. “For 47 years, I had accepted the illusion of Europe and the United States being good for the world, the carriers of democracy and freedom. Now I see that it took me 47 years to wake up to the horrible truth. They are not here to bring anything like democracy or freedom.

“Now I see it has all been lies. The Americans don’t give a damn about democracy or human rights. They are worse than even Saddam.” I asked him if he minded if I quoted him with his name. “What are they going to do to me that they haven’t already done here,” he said.

Another car skipped over the curb outside and a man who was burned from head to toe was carried in on a stretcher. He surely died shortly, as there was no way this clinic could treat massive burns. Maki, frustrated and in shock, said, “They say there is a cease-fire. They said 12 o’clock, so people went out to do some shopping. Everybody who went out was shot

and this place was full, and half of them were dead.”

More than 20 dead bodies had been brought to this clinic during the last 24 hours of the “cease-fire.” Shortly after this, another car skidded to a stop, and a man hit with cluster bombs was unloaded. “The Americans have been using cluster bombs often here,” Maki tells me somberly. “And of course they love their DU [depleted uranium].”

It is clear that Trump’s secretary of defense selection of Mattis, an unprosecuted war criminal, is yet another egregious act against justice and the rule of international law.

Mattis was a high-level marine commander overseeing both sieges of Fallujah who then played an active role in making sure eight marines involved in a massacre walked away from any appropriate punishment.

These are just a few of his highlights from Iraq.

Imagine what he could do to the rest of the world.

(end of report)

Dec 2, 2016 - *James Mattis is a war criminal*, a murderer, and a cold and callous imperialist warmonger who thinks in terms of blowing things up and killing ...

My blogs are usually picked up and featured on many other TRUTH sites - so expect hundreds of thousands of readers - some international - to learn of your EVIL - as a WAR CRIMINAL!

I am ANGRY - VERY angry - but also saddened by the realization that my nation's sense of honor has sunk so low as to actually lionize praise and glorify the cold-blooded mass murder of human beings who were brave and heroic enough to defend their OWN homes and OWN families with their lives against hordes of Godless merciless shameless American Marine terrorists. I fear we WILL pay for these unspeakable demonic crimes one day.

Why don't you do the rest of the civilized sane moral humane world a favor - and blow your brains out. It is a win win situation

It would please Satan and save God the trouble of creating a PCS 'form' for you to be processed to hell.

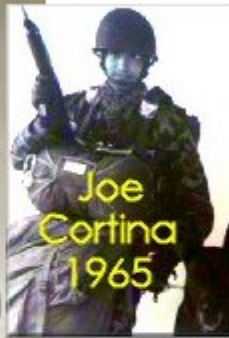

There is NOTHING ON THIS EARTH that could make me murder innocent civilian men women and children. If I had ever witnessed any such sadistic war crimes - I would have shot the perps dead on the spot - no hesitation. I am no hero and no superman - just a mortal man with a conscience and compassion for the helpless and defenseless who knows good from evil and will not allow evil in my presence. I feel that EVERY American citizen - myself included - must take responsibility for the evil done by our country as well as the good.

I care about my nation's reputation and will NOT stand by and watch it tarnished by gangsters in uniform. If you feel that war criminals like 'MAD DOG' Mattis MUST be punished for his unspeakable crimes against mankind AND his part in making American one of the most hated evil nations on Earth - and a realistic threat to world peace - then SEE THAT THIS MONSTER IS BROUGHT TO JUSTICE and prosecuted as a WAR CRIMINAL! If principles like TRUTH and HONOR are still sacred to us as a people then get off your butts and prove it!

Statistics from the DOD itself tell us that only less than 5% of these horrible rapes murders looting etc that took place in Iraq and Afghanistan were ever officially reported. We also know that well over TWO MILLION CIVILIANS were murdered by US military. Most of the murdered were children and most of the murderers were Marines like the ones commanded by murderous psychopaths like Mattis SO - if we apply some simple math to the 5% estimate and the 2 million MINIMUM murders (which does not include millions more injured and made homeless) thw crimes committed by the US military against a TOTALLY NON THREAT to America , must have been in immense proportions. Remember - even the DOD admits there were some 95% coverups. The us military are the worlds current greatest threat to world peace and the world's largest institutionalized TERRORIST ORGANIZATION. Everything I have stated can be verified to anyone's satisfaction. Still 'proud to be a 'merkan'?

Think what you will of my anger with this monster - but -remember - ANY of you who are TRUE Christians or just decent human beings. EVERYTHING HE DOES has been a cruel

mockery of the essence of goodness honor compassion civility truth brotherhood and peace among mankind.
