

These people stabbed this country right in the back!

*The more you look into 9/11, the more evidence you'll find that it really was a **INSIDE JEW JOB** of the criminal Jew Globalists, "**Sayanim**" Jew traitors in the US and "Shabbos Goy" lackeys (non-Jews corrupted by them, with your money) — all of whom are now hard at work in destroying the sovereignty of the United States of America and you and your children's future.*

The Videos:

This was aired then immediately banned and removed from the Fox archives right after 9/11, so most people have not seen it. This is a great tool for waking up people who need to hear the mainstream say something before they believe it.

VIDEO DELETED? WHY?

Please watch this short and moving video called "**The Falling Man**," right off to understand what that day really meant. The music was written by Michael Wright in a hotel room soon after 9/11 and set to film clips from Oliver Stone's movie "9/11."

HERE'S THE SONG:

3,031 people died that day, 130 "American" Jews, but only **FIVE** were Israeli nationals (2 of which were on the planes). More Columbians died that day. Bush lied (but it was written by his Jew Neocon speechwriter, David Frum) in front of Congress, saying the 130 "American" Jews killed on 9/11 were Israeli citizens. He was right in a way, since Jews are only really loyal to Israel to begin with.*

Since then, over 5,000 American soldiers and countless innocent civilians have died in Iraq and Afghanistan, but only a [lousy 17](#) were "American" Jew servicemen (2007).

Haven't you figured out the deal with these backstabbers, yet?

“A CALM AND DISPASSIONATE DEBUNKING OF AMERICA’S ‘OFFICIAL’ 9/11 MYTH” —
Gordon Duff Senior Editor VETERANS TODAY

Anthony Lawson (known professionally as Tony Lawson) is a retired international-prize-winning commercial director, cameraman, ad agency creative director and renowned voice over. He used to be known for shooting humorous commercials, but says he doesn’t find much to laugh about, with the way the world is going, these days.

The Evidence:

(MUST SEE 2011) HOW THE WTC TOWERS WERE DESTROYED, WHAT WAS USED, HOW THEY COVERED IT

To stay “PC,” it doesn’t name the Jew — like Henry Kissinger and Philip Zelikow — but is a good rundown of what these bastards did to this country for the length (25 minutes).

9/11 False Flag: Another good over-all rundown on the questions people should be asking.

IRREFUTABLE!

Flight 77 Black Box data released from the NTSB shows that the plane *could not* have struck the downed light poles, or even the Pentagon because it was 480’ too high (properly corrected for elevation) and came in on a markedly different path from what the 9/11 Commission says (the data just happens to end 1 second *before* supposed “impact”). NTSB refuses to answer any questions about any of these discrepancies. This means: The data was falsified, or 2) something else happened that day. Go here: [Pilots for 911 Truth](#)

Watch the entire [video HERE](#) on the flight 77 crash into the Pentagon to hear numerous witnesses on the ground fully corroborating the above flight path. This proves beyond a doubt that a carefully contrived False-Flag event was staged by elements within the US government on 9/11. The video is 81 minutes long, but absolutely well worth every minute to watch, especially for those researching the Pentagon part of 9/11.

Video from Architects & Engineers for Truth shows that it could not be a "gravitational collapse."

Steel framed buildings don't collapse due to fire! Watch this and think about WTC building 7. If WTC7 was rigged with Nano-Thermite explosives, then all of them were, hence 9/11 was an INSIDE job!

World Trade Center 7: A Engineered Collapse. Very persuasive movie that will really convince you that 9/11 was a inside job. Remember: They could not have "pulled" this building otherwise.

This video shows how the NIST theories of pressure from collapsing floors to explain away the "squibs" coming out of the WTC 1 & 2, could not possibly apply to WTC 7. NIST does not even try to address this about WTC 7, even though video clearly shows this going on. NIST was definitely trying to do whatever it could to ignore the possibility of controlled explosions bringing down WTC 7.

This is part 2 of a 21 part video (you can click on the "Youtube" button at bottom right to run #1 or continue on with #3). Video #3 is about the molten steel found in the wreckage — a clear impossibility with any kind of carbon-based fires. You should just watch the whole thing.

BBC reports WTC 7 collapse before it really did. They try to excuse this event by saying it was an due to the heat of the moment in the press room but CNN did the same. It's obvious that the perps had a few problems and delays with bringing down WTC 7 around the same time as WTC 1 & 2. But they had to, since it was part of the whole scheme in the first place and they could not risk discovery of the explosives already installed.

Richard Gage, a practicing architect for 20 years, founded Architects and Engineers for 9-11 Truth in 2006. Gage appeared on the FOX TV News affiliate in Fresno, California on May 27 and was allowed to explain the scientific and structural evidence that proves that the World Trade Center collapses were actually controlled demolitions in which super-thermite was used to pulverize the concrete of the towers.

Active, Nano-Thermite particles were found in dust from WTC. This is the “smoking gun” which cannot be debunked! Peer reviewed, scientific paper from 9 scientists in Denmark prove that sophisticated “cutting” explosives were used to bring down the WTC (3 buildings+2 planes=**INSIDE JEW JOB**). This Nano-Thermite is NOT a by-product of burning Jet fuel, materials inside the WTC or welding. BLACKED OUT BY FOX

NEWS and YOUTUBE

FOX New's Brit Hume and Carl Cameron's banned December, 2001 report on the AMDOCS and COMVERSE routers [Read more about this here](#). This is the unedited video (part 1, go to [Youtube for part 2](#)). FOX News stopped reporting on the subject and deleted these reports from their archives after pressure from Jewish groups:

"Fox News removes its series on the "art student spy ring" from its website after only two days, in response to pressure from The Jewish Institute for National Security Affairs (JINSA), the Anti-Defamation League (ADL), the Committee for Accuracy in Middle East Reporting in America (CAMERA) and others. CAMERA suggests the reporter "has something, personally, about Israel Maybe he's very sympathetic to the Arab side." [Salon, 5/7/02] The head of the ADL calls the report "sinister dangerous innuendo which fuels anti-Semitism." [Forward, 12/21/01] Yet there does not appear to be any substance to these personal attacks (and Forward later reverses its stance on the spy ring (see March 15, 2002)). Fox News also never makes a formal repudiation or correction about the series. The contents of the series continues to be generally ignored by the mainstream media, but it makes a big impact inside the US government: An internal DEA communiqué from December 18 mentions the Fox report by name, and warns of security breaches in telecommunications as described in the Fox report. The Dancing Israelis: “Our purpose was to document the event.” Video that shows the Dancing Israelis telling a Hebrew TV audience the real reasons for them to be there. Also has the revealing interview at the end, with a Jew author admitting “*that they are a corrosive force to nations,*”quoted in my “Revealing Quotes” page (above, under my masthead). Consider those words when you think of the NWO and everything else (2:50).

NSA subcontracts to Israeli firms for spying on America. On absolutely every form of communications in the USA — including you! Author James Bamford (The Shadow Factory) exposes whole rotten ZOG deal. Listen to what he says in conjunction with the FOX footage above (9:57). These people are rats, plain and simple.

How The Myth Was Sold.

Watch the above video the media has people on hand immediately, telling the official government line only minutes after the event.

Listen closely to Jerome Hauer (right), a Jew from a ultra Zionist family, associated with George Bush and the director of emergency management at the time. Instead of anything else, he's in the TV studios right after the planes hit blaming Bin Laden.

Watch the "Harley Guy." You can tell he's a "psyops" plant (the man has yet to come forward). Some have tried to say he was an unknown actor named [Mark Humphrey](#), but are probably wrong.

Jerome Hauer — Big Jewish DC and NY insider on TV to push explanations and lay blame on Bin Laden even before the towers came down.

This country is flat-out being lied to!

Some videos may get deleted by embedded ADL Jewish Censors at Youtube (for real), or elsewhere due to Political Correctness by spineless White liberals.
