Holocaust, Hate Speech & were the Germans so stupid?

Another fantastic video from Tony Lawson. If you're new to the "holocaust question," you must watch this. Vimeo embed above.

Tony Lawson's original upload DELETED BY JEW TUBE for patently ridiculous reasons: <http://www.youtube.com/watch?v=0gycNMf0xAc> The Jews undoubtedly want it gone, but not too obviously (it's way too strong and persuasive). Lawson explains what Youtube did when they deleted the above video:

JIGS AT ALABAMA STATE UNIVERSITY GO APE IN CAFETERIA

You have to see this to believe it!

Youtube keeps deleting it. Will try to find another copy.

In a shocking act of mass public deception, Fox News attempted to skew Ron Paul's 2011 CPAC straw poll win by representing it with footage from the previous year's CPAC event, at which Mitt Romney supporters had loudly booed the results. They wanted the TV viewers to think the 2011 CPAC people were against Ron Paul. Unbelievable!

[The Sexual Exploitation of White Children by the Jews](#) from [Ares](#) on [Vimeo](#).

Dr. William Pierce discusses the Jewish control of the mass media and fashion industry, and how they are targeting your children.

Friends of Israel – Enemy Inside the Gates

It cannot be said, too often or too loudly: The interests of a Nation's own Citizens must come first. The 9/11 cover-up is falling apart at the seams, and politicians should be made accountable, either for their ignorance about issues that affect their nation, or because they have been protecting the official story, knowing that it is false.

Summary: Recently, political pressure has been brought to bear against a trades unionist for attempting to express his views about the events of 9/11, on Australia's publicly funded broadcaster, the ABC. This video redresses the balance, and makes it clear that Australia's prime minister is either ignorant, beyond belief, or she is putting the interests of nuclear, Apartheid Israel ahead of Australia's.

The Murray Street Engine: Please refer to the following very well-researched article. http://ckpi.typepad.com/christopher_k...

Google Street View: Those interested in checking out the location from which the "Twin Smokestacks" video was shot, should start off by typing in "Christopher Columbus Drive, Jersey City, NJ, United States" in Google Maps. Zoom in close keeping Interstate 78 in view, on the left (west), and find Brunswick Street. You'll see the smokestacks just to its right. Zoom in and move the view north and find 3rd Street and there is the roof where the cameraman stood; it is beside a vacant lot. 3rd Street passes under I78, and you can use the Street View function, from the elevated highway, to find the shots I've used in this video.

History they don't teach you in schools

Rice University Jew Professor calls local police over videos posted on Youtube (above). Read about it [HERE](#) and, while they last, watch the videos this crazy Jew got all bunged-up about. Folks, all this is true and the Jews hate people knowing anything.

The Jew Commies — Butchers from Hell.

OH LOOK, THEY DELETED IT ALREADY. I GUESS THEY JUST CAN'T HAVE AMERICANS HEAR WHAT THE JEWS THEMSELVES SAY!

The immigration business is not happening just to America, people. Watch this video out of Europe and make sure to go to the end for some Jewess bragging about what they are doing.

From the Youtube poster:

Listen to an overbearing gatekeeper, Jon Faine [JEW], attempt to rubbish the genuine concerns of an Australian trades unionist, Kevin Bracken, in an attempt to stifle any debate about the many anomalies in the official 9/11 story.

Seldom have I heard anyone, who obviously wants the issue to go away, do more to attract attention to it. He did this during a phone-in on the publicly-owned Australian Broadcasting Commission's 774 ABC Melbourne radio station.

A small amount of sound editing was necessary, but the integrity of the conversation was retained. The unedited sound file of the conversation can be found on this Internet page. <http://www.abc.net.au/local/stories/2...>

JEW RABBI: YOU MUST SUCK DURING CIRCUMCISION

This guy is talking about sucking the blood off baby penises. Folks, these are sick mofos. You always hear about crazy Islamic crap like 72 virgins, but never this! They’ve been doing this kind of thing for a long time, and even [infected babies](#) with STD’s.

Listen to what this one White woman has to say. Check out [her Youtube channel](#). I’m in love!

Who really started WWII and today's White Slavery. Oh yeah, Eastern European women are forced into prostitution by these filthy Jews. And it's all legal in Israel. They won't tell you that on US TV. WAKE THE HELL UP!

US Senate report identifies Israel as the leading nation spending money to influence US media (tell us something we don't know). Make note the report is on efforts back in the early 60's. Hell, they now own the entire GD media. America is purposefully being manipulated by these devious people and their traitorous Jew allies, who have the lousy nerve to call themselves "American." What don't you get, White American?

The Khazarian Conspiracy, Part 1 of 12

Former CIA analyst on Russia Today talks about letter sent to Obama from several people in the Intelligence community on Israel attacking Iran. Watch this and compare to what they talk about on US TV news to get an idea of how much control Jewry has on America. Wake THE HELL UP!

Filthy GD Israeli Jews!

Video footage of a four-year-old child begging Israeli forces to release his father from detention on Monday has circulated the globe.

"You dog, give me my dad. I want daddy. I want daddy. Give me my dad," cried Khalid Fadel Al-Ja'bari, as Israeli border guards detained his father Fadel, 36 in the Al-Baq'a village east of Hebron, where Israel's Civil Administration began destroying what it described as an illegal water irrigation network. At the time, a spokesman denied forces overturned land.

WHAT A JEW LIAR!

Lying Israeli "media spokesman," [Mark Regev](#), obviously having himself a bad Jew day when Britain's Channel 4 asks him some hard questions about Gaza. At one point, he stupidly blurts out that Hamas used phosphor munitions (yeah, right, like where they'd get those?). While watching this video, think about this fact: You will never, *ever* see this kind of hard questioning from American TV journalists!

Some videos may get deleted by embedded ADL Jewish Censors at Youtube (for real), or elsewhere due to Political Correctness by more Jews and spineless White liberals.
