The Jews Who Are Not The Ancient Israelites

In this medieval painting, Jesus is handed over to the Romans by the Sanhedrin and Pharisees. Talmudism is a quasi-reincarnation of these Pharisee's control system, followed by a racial group NOT descended from these people.

Judaism is Pharisaism, which Christ preached against. A modern Orthodox Jew's theology is the same as a Pharisee of Christ's day. The Ancient Israelites (who were not Jews, nor were they their ancestors) practiced Mosaism, the religion of Moses.

Jesus was a Hebrew (that is, a descendant of Eber), an Israelite (a descendant of Jacob), and a Judahite (a descendant of Judah) but not a Jew!

Modern Jews are not even Israelites; they have no relation to Jesus at all. Modern Ashkenazi (or Yiddish) Jews are, in fact, primarily descended from a Turkic people, known as the Khazars,
who converted to Judaism in the late 9th Century AD and the Jewish Edomites who converted to, or rather created, Judaism hundreds of years before. According to some genetic tests, 60% of Jewish DNA is Central Asian Turkic. The remaining 40% is of Semitic, specifically Edomite, origin.

The Edomites were a mixed people, descended from Esau (the son of Isaac, and brother of Jacob). Esau had married several women of different ethnicity's that existed in the land of Canaan at that time, including Hittites, Hivites, Horites, Canaanites, and Ishmaelites (Arabs).

A bitter rivalry between the descendants of Esau and Jacob continued throughout history, and as they lived in close proximity for hundreds of years, their hatred worsened. The Romans referred to the Edomites as Idumeans, separate from Israelites, when they lived in the region of Palestine together. The Romans later divided Palestine into districts, with Idumea (land of Edomites) being one of the districts. Some Edomites converted to the religion of the Israelites although in doing so, they bastardized it, creating the books known as the Babylonian Talmud.

At the fall of the Roman Empire, the Edomite Jews became scattered over all of Europe, with the majority settling down in the Turco-Mongolian (Khazaric) area of Russia, where they intermarried with the heathen Khazars who had converted en masse to Judaism. They are called Ashkenazi, and make up at least 90% of modern Jewry. Every Israeli Prime Minister has come from this heathen background. Which means their ancestors never walked the hills of Palestine. The only Jews with Abrahamic blood flowing in their veins come from the Sephardic Jews, whose lineage can be traced back to Esau/Edom.

Here are some quotes that show this:
"Hasdai ibn Shaprut, who was foreign minister to Abd-al-Rahman, Sultan of Cordova, in his letter to King Joseph of the Chazars (about 960 AD) ... speaks of the tradition according to which the Chazars once dwelt near the Seir Mountains [The 'Seir Mountains' are none other than the original land of Esau-Edom - 'Thus dwelt Esau in Mount Seir: Esau is Edom' (Genesis 36:8). Seir was a mountain range sought of the Dead Sea and was also known as the 'land of Edom' (Genesis 36:21). The Seir mountains were the home of the Edomites for nearly a millennium (The Edomites arrived in Edom or Seir at the end of the 14th and beginning of the 13th century B.C. Encyclopedia Judaica, Vol. 6, p. 372) Thus we have it from Jewish sources that the Khazars originally 'dwell near the Seir Mountains' so are racially of Edomite stock. But how and when did Edomites get to Khazaria? There is evidence that in the 6th century BC, some of the Edomites fled their homeland of Seir and migrated north, 'After the fall of Jerusalem, in 586 BC, the Edomites began to press northward (Ezekiel 36:5)."

"... the Idumeans (Edomites) were...made Jews...and a Turkish people (Khazars) were mainly Jews in South Russia...The main part of Jewry never was in Judea and had never come out of Judea."

"Edom is in Modern Jewry."

(The Jewish Encyclopedia,1925 edition, vol. 5, p. 41)

"... the large majority of surviving Jews in the world of Eastern European, and thus perhaps mainly of Khazar origin. If so, this would mean that their ancestors came not from the Jordan but from the Volga, not from Canaan, but from the Caucasus...and that genetically they are more closely related to the Hun, Uigur and Magyar tribes than to the seed of Abraham, Isaac and Jacob."

Strictly speaking, it is incorrect to call an ancient Israelite a 'Jew' or to call a contemporary Jew an 'Israelite' or a 'Hebrew.'"

(The Jewish Almanac, Compiled and Edited by Richard Siegel and Carl Rheins (New York: Bantam Books, 1980) p. 3.)
Those who interchange the words "Jew" and Israelite, call Abraham a Jew, though Abraham was not an Israelite or a Jew. The word "Jew" is not used in the Bible until nearly 1,000 years after Abraham. Abraham was a Shemite (that is a descendant of Shem), and he was also a Hebrew (a descendant of Eber or Heber). But to say that he was a Judahite is to say that he descended from his own great-grandson, which is impossible!

One of Jacob's (Israel's) children was Judah (Hebrew "Yehudah"). His descendants were called Yehudim ("Judahites"). In Greek the name is Ioudaioi ("Judeans"). Most all Bible translations use the word "Jew," which is a modern, shortened form of the word "Judahite." A "Jew" in the Old Testament would be a "Judahite;" and a "Jew" in the New Testament would be a "Judean."

The Bible uses the term "Jew" or Judahite in three distinct ways:

1) One who is of the tribe of Judah in a racial sense (as Jesus was);

2) One who is a citizen of the southern nation of Judah, including the Tribes of Benjamin and most of the Tribe of Levi; it will even include Canaanites and Edomites who were citizens of Judah (these are from whom modern Jews descend); and,

3) One who is a follower of the religion of Judaism, or as it was more anciently known as Pharisaism (After the Pharisees).

Thank you, CelticSicilian.

As we can see here, whenever I say "Jews" on my blog, I really mean "Khazars" or "Chazars." Most everyone uses the term "Jew" as a short-hand so the readers can understand of whom they speak. But they're really not Jews of the Bible or the Old Testament (the Torah) as advertised by them. They have resurrected Pharisaism (which Jesus preached against) in the teachings of the Talmud and only by this can they be called "Judaic."
Polish "Jews" studying the Talmud. These are the Ashkenazim, racially the Khazars, who come mostly from Germany, Poland and Southern Russia. The richer German Ashkenazim have been in the US the longest, with many of the poorer ones being allowed to immigrate in the 1880's as white Europeans. Little did we know just what we were doing.

These Khazars are from Eastern Europe, mostly Poland and Southern Russia, some of whom migrated into Germany and other European nations. They've considered themselves "Jewish" from the Holy Land, for centuries now (the first few generations is all it would take) and their main religious book is the Talmud, some of it written in Babylon and then added to by themselves in Europe during the middle ages. And some was written by Sephardic Jews, in exile in Egypt and elsewhere, passed onto Jewish communities in Spain, then on-towards the European Khazars north and eastward.

All of this is very complex and confusing for most Americans, hence people just call them "Jews." And they want you to think of them as Israelites, instead of anything else, so as to take full advantage of the biblical status, victimhood and economic clout, but mostly for the cohesiveness of their racial stock. As such, this is the most racist group in the world, once you see their actions in toto.

The Khazar racial group, who are the main promoters of Zionism and Jewish supremacism, may well have less "Holy Land" DNA than even the Palestinians that they have been trying to clear from the region for decades. This is one of the biggest lies of all history and, unbelievably, is still being promoted to this day. Often, when the Jew is not on the radar, he freely discusses this very fact among themselves, but the moment any Gentile brings it up, he is called a "anti-Semite." Curious, huh?

This is done mostly to befuddle the surrounding Christians and has worked marvelously for
them. Witness the rise of "Dispensationalists" who believe that we need to support these people and the State of Israel for the sake of Christianity -- even when these very same people believe in a Talmud that says Christ was nothing but a Egyptian magician and is now being boiled for eternity in a vat of excrement or semen in the bowels of hell!

"The modern Jew is the product of the Talmud." — Michael Rodkinson, in preface of Babylonian Talmud, page XI.

"The Talmud is to this day the circulating heart’s blood of the Jewish religion. Whatever laws, customs, or ceremonies we observe—whether we are Orthodox, Conservative, Reform, or merely spasmodic sentimentalists—we follow the Talmud. It is our common law." — Herman Wouk, “This is My God.”

They've also worked tirelessly to eliminate any signs of Christianity from public property in the US. No longer can even the Manger scene be set-up in the town square for Christmas. Yet the menorah is perfectly legal. Any sign of Jesus supposedly serves as a reminder of that day in Jerusalem, 2,000 years ago and they say they don't want to be called "Christ-killers" over it. In reality, the Talmud states that it was them, the Pharisees who killed Jesus (Baleem) with their own hands and not the Romans. According to them, he was stoned, strangled and decapitated at least four times (a bit of over-kill) in a trash dump.

As an "Egyptian magician," Jesus is considered a "false-prophet" by their Orthodoxy, so they are really out to stop you from worshipping Him in any way. And even Jewish political and social engineers, like the Jewish Anti-Defamation League (ADL) and even your very own government (can you believe that?), are now attacking the New Testament's writings,* while totally ignoring anything about this Talmud.

Some evangelical "ministers," like the Bishop John Hagee, insist on deceiving their flocks about all of this, never telling you a thing about the real-life "hate" speech about Christians contained in the Talmud, nor that they call us "Goyim," or cattle. They also have other secret code names for the non-Jew, like "Cuthanite" or "Heathen." These special names would eventually get out and the Talmudic Jews would then change them, sometimes even giving out secret code books to their Yeshiva students so they could correlate the names with what they study in the Talmud.
Bishop Hagee says we have to support the State of Israel no matter what (basing it on the Old Testament or Torah) and conveniently ignoring all the evils that this country (based on the Talmud) does to the world, including to the USA. He believes that with the restoration of ancient Israel and the Temple Mount, we'll see Jesus Christ descend from the heavens to take his place in the new Third Temple finally bringing about the 1000 year reign of Christ.

But his Zionist chums believe unabashedly otherwise. Once all this takes place, it will really be the Jewish Messiah (called the "Mosiach") who appears and the borders of Israel "will then magically expand to the size of the globe." In other words, the Jews will take over the entire planet, rendering Bishop Hagee, his flock and the rest of us poor slobs as slaves to them and their "Messiah."

Basically, both the Zionists and Orthodox Jews are using Christian Zionists to jack-up all the Armageddon bit for the security of supposedly secular Israel and, along with all this, creating the groundwork in advance of the Jewish Messiah, in the hopes it will entice Him to show up to the party -- but for real. This is a big part of the overall Jewish Agenda and the New World Order.

Who's right? Who knows? I say it's probable that both sides are very wrong but such thinking could get all of us into some serious BS. Like in World War BS. I'm being as serious as I possibly can be here.

Now, the Khazar Jews, or the Ashkenazim, have serious positions of power in the Western world; although it's quite true that many are not religious or orthodox Jews. Yet the State of Israel is obviously, blatantly the number-one issue for them, not America. So, in effect, they're indeed fulfilling the exact same wishes of their religious people.

Plus, it's seems readily apparent that the real money power in this world, such as the
Rothschilds, are fully behind all of this kind of thinking. Baron Edmond de Rothschild bought huge amounts of land in Palestine, in advance of the arrival of European Ashkenazim and even before Zionism was introduced, supposedly the work of one Theodor Herzl.

But there is a segment of Jews (the Torah Jews), who reject this line of Zionism and act patriotically in the nations they live. They believe only God can do such things and such behavior by the Zionists is sinful and dangerous (they are right, there). But these people have been generally ignored by the majority of Jews, unfortunately.

Under the heading of "A brief History of the Terms for Jew" in the 1980 Jewish Almanac is the following: "Strictly speaking it is incorrect to call an Ancient Israelite a 'Jew' or to call a contemporary Jew an Israelite or a Hebrew." (1980 Jewish Almanac, p. 3).

* The US State department's "Office of Global anti-Semitism" has recently declared parts of the New Testament as anti-Semitic "Hate speech," such as when Jesus is turned over to the Romans, but not one word about any of the hate speech directed at Christians, contained within the Talmud!

    Despite passionate support of Israel by evangelicals, ADL claims Christianity is inherently anti-Semitic. ADL says the New Testament is the seedbed of suspicion and blame against Jews leading to the Holocaust of WW II. Televangelist John Hagee, recipient of numerous ADL/B'nai B'rith awards, upholds ADL propaganda. He preaches that Jews did not reject or kill Christ, do not have to accept Him, and that New Testament Christianity is a primary source of anti-Semitism throughout the ages. Read more here
